Out-of-Network Pharmacy Description

Medi-Pak Rx (PDP), Medi-Pak Advantage (PFFS), and Medi-Pak Advantage · St. Vincent (PPO) CMS Contract Numbers S5795, H4213, and H8091

Plan drugs filled outside the Medi-Pak Rx and Medi-Pak Advantage pharmacy network may be covered in special circumstances. For example, if a member becomes ill while traveling outside the plan's service area where there is no network pharmacy, you may get up to a one-month (34-day) supply.

You may have to pay more than your normal cost-sharing amount if you get your drugs at an out-of-network pharmacy. In addition, you will likely have to pay the pharmacy's full charge for the drug and submit documentation to receive reimbursement from Medi-Pak Rx or Medi-Pak Advantage.

If you are responsible for 100% of the drug cost when you are in the coverage gap, you will not be reimbursed by Medi-Pak Rx and Medi-Pak Advantage. However, you should still submit documentation to Medi-Pak Rx and Medi-Pak Advantage so we can add the amounts you spent out-of-network to your total out-of-pocket costs for the year.
