

### **Out-of-Network Pharmacy Description Medi-Pak Advantage (PFFS)**

Plan drugs may be covered in special circumstances, for instance, illness while traveling outside of the plan's service area where there is no network pharmacy. You may get up to a one-month (34-day) supply.

You may have to pay more than your normal cost-sharing amount if you get your drugs at an out-of-network pharmacy. In addition, you will likely have to pay the pharmacy's full charge for the drug and submit documentation to receive reimbursement from Medi-Pak Advantage (PFFS).

If you are responsible for 100% of the drug cost when you are in the coverage gap, you will not be reimbursed by Medi-Pak Advantage (PFFS). However, you should still submit documentation to Medi-Pak Advantage (PFFS) so we can add the amounts you spent out-of-network to your total out-of-pocket costs for the year.
