

Out-of-Network Pharmacy Description Medi-Pak Rx (PDP)

Plan drugs may be covered in special circumstances, for instance, illness while traveling outside of the plan's service area where there is no network pharmacy. You may get up to a one-month (34-day) supply.

You may have to pay more than your normal cost-sharing amount if you get your drugs at an out-of-network pharmacy. In addition, you will likely have to pay the pharmacy's full charge for the drug and submit documentation to receive reimbursement from Medi-Pak Rx (PDP).

If you are responsible for 100% of the drug cost when you are in the coverage gap, you will not be reimbursed by Medi-Pak Rx (PDP). However, you should still submit documentation to Medi-Pak Rx (PDP) so we can add the amounts you spent out-of-network to your total out-of-pocket costs for the year.
