We can help you find out if you qualify for a free health insurance plan from Arkansas Blue Cross.

The Affordable Care Act (ACA) includes a number of special provisions for American Indians and Alaskan Natives, such as: 1) They can get services from the Indian Health Services, tribal health programs or urban Indian health programs; 2) They may receive services at no cost sharing; and 3) They may have special monthly enrollment periods.

For out-of-network coverage cost sharing increases, and the balance billing (the difference between the provider's bill and the Arkansas Blue Cross and Blue Shield allowed amount) must be paid by the policyholder. Arkansas Blue Cross qualified health plans have limitations and terms under which the insurance policy may be continued or discontinued. The plans are age-rated, area-rated, and tobacco-rated, meaning premiums are based on the age, residence, and tobacco usage of the covered person.

Benefits and Services Not Included: Injuries or diseases caused by war; dentistry (except for some oral surgery); eye refractions, eyeglasses for adults unless needed because of accidental injury; cosmetic surgeries, unless needed because of accidental injury; services or supplies not medically necessary; medical or hospital services collectible under Workers Compensation or any law providing benefits for dependents of military personnel; services rendered in government hospitals; inpatient services, if they could have been performed safely and adequately on an outpatient basis; services and supplies which are experimental or investigational in nature; benefits provided under Medicare or other government programs (except Medicaid); services of social workers, unless included as part of the daily room and board allowance; radial keratotomy or epikeratophakia or any services performed to correct nearsightedness; hospital and physician services for rest cures; services by an immediate relative (spouse, parents, children, brother, sister or legal guardian); dietary supplements when used in connection with weight reduction programs. Limitations of Hospital Benefits: Arkansas Blue Cross requires pre-admission approval for all non-emergent hospital admissions. Out of Area non-emergent hospital admissions are not covered if the service is available in the Policy's Service area. For prior approval please call the toll-free number on the back of your ID card. Services rendered in a hospital outside of the United States of America will be paid at the sole discretion of the Plan.

Subrogation: If benefit payments are made for which a third party may be liable, Arkansas Blue Cross is entitled to recovery out of payments made by that third party to the full extent of benefits paid.

Coordination Against Group and Major Medical Coverage: Benefits for services or supplies available to you under any other group or blanket disability insurance, Union Welfare Plan, employer or employee benefit organization, self-insurance or any other non-regulated group disability benefits plan, major medical policy or no-fault automobile liability insurance will be coordinated so that the total amount of benefits payable from all these plans combined does not exceed 100 percent of actual medical expenses.

IMPORTANT NOTE: Your premium will be accepted after coverage has been approved. This outline of coverage provides a brief description of the important features of the Arkansas Blue Cross qualified health plan insurance policies. The outline is not the policy, and only the actual policy provisions will control. The policy itself sets forth in detail the rights and obligations of both you and your insurance company. It is, therefore, important that you read the policy carefully. Changes to this policy only may be made during the annual open enrollment period or as a result of a special enrollment period.
