Arkansas Blue Cross and Blue Shield is a business name of USABLE Mutual Insurance Company.

Throughout this notice, we will use the name "Arkansas Blue Cross" as a shorthand reference for Arkansas Blue Cross and Blue Shield.

Arkansas Blue Cross must use and release your protected health information to provide information:

- To you or someone who has the legal right to act for you (your personal representative)
- To the Secretary of the Department of Health and Human Services, if necessary, to make sure your privacy is protected, and
- Where required by law.

Arkansas Blue Cross has the right to use and release your protected health information to evaluate and process your health plan or health insurance claims, enroll and disenroll you and your dependents, and perform related business operations.

For example:

- We can use and disclose your protected health information to pay or deny your claims, to collect your premiums, or to share your benefit payment or status with other insurer(s).
- We can use and disclose your protected health information for regular healthcare operations. Members of our staff may use information in your personal health record to assess our efficiency and outcomes in your case and others like it. This information will then be used in an effort to continually improve the quality and effectiveness of benefits and services we provide.
- We may disclose protected health information to your employer for health plan administration purposes, including healthcare operations of the health plan, if your employer arranges for your insurance or funds the health plan coverage and serves as plan administrator. If your employer meets the requirements outlined by the privacy law to ensure adequate separation between the employer and the health plan itself, we can disclose protected health information to the appropriate health plan administrative department of your employer to assist in obtaining coverage or processing a claim or to modify benefits, work to control overall plan costs, and improve service levels. This information may be provided to the appropriate health plan administrative department of your employer in the form of routine reporting or special requests.
- We may disclose to others who are contracted to provide services as business associates on our behalf. Some services are provided in our organization through contracts with others. Examples include pharmacy management programs, dental benefits, and a copy service we use when making copies of your health record. Our contracts require these business associates to appropriately protect your information in compliance with applicable privacy and security laws.
- Our health professionals and customer service staff, using their best judgment, may disclose to a family member, other relative, close personal friend or any other person you identify, health information relevant to that person's involvement in your care or payment related to your care. Examples of such releases of your protected health information could include your spouse calling to verify a claim was paid, or the amount paid on a claim, or an adult child inquiring about explanation of benefit forms received by an elderly parent who is ill or impaired and unable to address their own health insurance or health plan business.

Arkansas Blue Cross may use or give out your protected health information for the following purposes, under limited circumstances:

- For research studies that meet all privacy law requirements (such as research related to the prevention of disease or disability)
- To avoid a serious and imminent threat to health or safety

By law, Arkansas Blue Cross must have your written permission (an “authorization”) to use or release your protected health information for any purpose other than treatment, payment or healthcare operations or other limited exceptions outlined here or in the Privacy regulation or other applicable law. Once you have given your permission for us to release your protected health information you may take it back (“revoke”) at any time by giving written notice to us, except if we have already acted based on your original permission. To the extent (if any) that we maintain or receive psychotherapy notes about you, most disclosures of these notes require your authorization. Also, to the extent (if any) that we use or disclose your information for our fundraising practices, we will provide you with the ability to opt out of future fundraising communications. If you have a health benefit plan issued by Arkansas Blue Cross on or after October 1, 2007, you have a Personal Health Record (PHR). Your PHR contains a summary of claims submitted for services you received while you are or were covered by your health benefit plan, as well as non-claims data you choose to enter yourself. Your PHR will continue to exist, even if you discontinue coverage under your health benefit plan. You have access to your PHR through the Arkansas Blue Cross website. In addition, unless you limit access, your physician and other healthcare providers who provide you treatment have access to your PHR. Certain information that may exist in the claims records will not be made available to your physician and other healthcare providers automatically.

To protect your privacy, information about treatment for certain sensitive medical conditions, such as HIV/AIDS, sexually transmitted diseases, mental health, drug or alcohol abuse or family planning, will be viewable by you alone unless you choose to make this information available to the medical personnel who treat you. Similarly, non-claims data, such as your medical, family, and social history, will only appear in your PHR if you choose to enter it yourself. It is important to note that you have the option to prohibit access to your PHR completely, either by electronically selecting to prohibit access or by sending a written request to prohibit access to the Privacy Office at the address below.

Except for pre-existing condition exclusions, we may obtain and use genetic information in making a payment or denial decision, or otherwise processing a claim for benefits under your health plan or insurance policy, to the extent that genetic information is relevant to the payment or denial decision or proper processing of your claim.

The listing will not cover your protected health information that was released to you or your personal representative, or that was released for payment or healthcare operations, or that was released for law enforcement purposes.
- Ask Arkansas Blue Cross to communicate with you in a different manner or at a different place (for example, by sending your correspondence to a P.O. Box instead of your home address) if you are in danger of personal harm if the information is not kept confidential.
- Ask Arkansas Blue Cross to limit how your protected health information is used and released to pay your claims and perform healthcare operations. Please note that Arkansas Blue Cross may not be able to agree to your request.
- Get a separate paper copy of this notice.

    - a. a Qualified Individual; enrolled through the Exchange and current on all premiums, or
    - b. an individual who resides in the State of Arkansas and who completed and submitted to the Company an application for coverage.
  - 2. **Individual Insured under a "Child Only" Policy** is an individual under the age of 19, who resides in the State of Arkansas and whose parent or legal guardian has completed and submitted to the Company an application for coverage.
  - 3. **Dependent Coverage.** Eligible Dependents are those individuals who are the Policyholder's:
    - a. Spouse;
    - b. Child less than 26 years of age;

- c. unmarried Child who is incapable of self-support because of intellectual and developmental disability or physical disability, provided such Child is or was under the limiting age of dependency stated in Subsection b. above at the time of application for coverage under the Policy.
  4. **Proof of Intellectual and Developmental Disability or Physical Disability.** In order for Dependent coverage to be provided due to intellectual and developmental disability or physical disability, proof of the Child's dependency or disability must be furnished to the Company, or to the Exchange if the Policyholder is a Qualified Individual, prior to the Child's attainment of the applicable limiting age referenced in section A.3.b. above. Such proof must at least demonstrate that the Child is unable to obtain or continue a job or position in the course of commerce and that his or her parent(s) are providing 50% or more of his financial support (e.g., are declaring the Child as a dependent on their federal income tax return or providing a child's birth certificate.) Initial and subsequent evaluation for continued intellectual and developmental disability or physical disability and dependency may be required by the Company, at the Company's expense, or the Exchange if the Policyholder is a Qualified Individual, but not more frequently than once per year. A Policyholder who first becomes eligible under the Plan may enroll a disabled Dependent Child provided the intellectual and developmental disability or physical disability commenced before the limiting age.
- B. **Open Enrollment Period.** Annually, the Policyholder may change his or her coverage and that of covered Dependents, as well as apply for coverage for other dependents by submitting the appropriate applications or change forms to the Company or to the Exchange. Coverage approved during the annual open enrollment period will become effective on January 1 immediately after the annual open enrollment period.
- C. **Special Enrollment Periods.** A Special Enrollment Period is a specified period of time during which time the Policyholder may obtain coverage for a Dependent after initial coverage is obtained by the Policyholder and not during an Open Enrollment Period.
  1. **Length of Special Enrollment Periods.** Unless otherwise specified, a Special Enrollment Period shall be 60 days from the date of the triggering event.
  2. **Triggering Events.**
    - a. A Dependent of the Policyholder loses Minimum Essential Coverage under another health plan for reasons other than failure to pay premiums or justified rescission.
    - b. The Policyholder gains a Dependent through marriage, birth, adoption or placement for adoption. Note that the Special Enrollment Period for a newborn child is 90 days.
    - c. A Dependent of the Policyholder that is a Qualified Individual who was not previously a citizen, national or lawfully present becomes a Qualified Individual by gaining the applicable status.
    - d. A Dependent of the Policyholder who was formerly not a permanent resident becomes a permanent resident of Arkansas.
  3. **Special Enrollment Effective Date**
    - a. If eligible for coverage as a result of a Special Enrollment Triggering Event and the individual elect's coverage between the 1<sup>st</sup> and the 15<sup>th</sup> day of the month, his or her coverage will become effective on the first of the following month.
    - b. If eligible for coverage as a result of a Special Enrollment Triggering Event and the individual elect's coverage between the 16<sup>th</sup> and the last day of the month, his or her coverage will become effective on the first of the second following month.
    - c. In the case of birth, adoption or placement for adoption, the coverage will become effective on the date of birth, adoption, or placement for adoption.
    - d. In the case of marriage or loss of Minimum Essential Coverage, the coverage will become effective on the first of the following month.
- D. **Term, Renewal and Termination of the Policy.** This Policy shall be in effect until terminated by its terms.
  1. **At the Option of the Policyholder.** The Policyholder may terminate this Policy at his or her option on the date the Policyholder specifies by giving the Company at least fourteen (14) days' notice.
  2. **Termination by the Exchange.** If the Policyholder is a Qualified Individual, his or her coverage may be terminated on a date specified by the Exchange.

3. **Death of Policyholder.** This Policy shall terminate upon the death of the Policyholder. In such event, the Company shall return all unearned premiums beyond the Policy Month in which the death occurred to your estate or other appropriate party. Contact Customer Service to set up a new Policy for family Covered Persons currently covered on this Policy.
4. **Change of Residence.** If the Policyholder moves permanently to another state, this Policy shall terminate at the end of the period for which premiums have been paid.
  - a. A Policyholder moving to another state can obtain insurance coverage from the Blue Cross and Blue Shield Plan located in the new state of residence by requesting a transfer of coverage authorization from the Company. The rates and benefits of the policy issued in the new state of residence may be substantially different.
  - b. To obtain a transfer of coverage authorization, contact our Customer Service, Attention Transfer Representative.
5. **Guaranteed Renewable, Premiums May Change.** Unless you change residence from Arkansas (See ARTICLE III, D.4.), this Policy and any amendments or riders to it are guaranteed renewable. This means that the Policy shall remain in force, so long as the Policyholder complies with its terms and so long as the premiums are paid in a timely manner. Your premium rate may change upon renewal if your age increases, if you relocate into a different rating area or the Company changes the established premium rate for all policies and riders of the same form number and premium classification as this Policy.
6. **Payment of Premiums.** Premium payment due dates are the first day of the month. The premium payment mode is monthly. Premium payments are due in advance of the premium due date regardless of the premium payment mode selected, subject to the Grace Period provision below. "Pay," "Paid" or "Payment," when used herein reference to premium, premium due dates or the Grace Period shall mean that the full amount of all funds due are actually received by the Company at its principal offices in Little Rock, Arkansas. Placing a check into the U.S. mail or with any courier service shall not constitute payment under this Policy unless or until the check is actually received by the Company at its principal office. Nor shall any invalid or dishonored check constitute payment.
7. **Grace Period.**
  - a. For a Policyholder who is a Qualified Individual receiving advance payments of premium tax credits, a grace period of three consecutive months will be granted for the payment of premiums becoming payable after the first premium payment. During the grace period the Policy shall continue in force. The Company shall pay appropriate claims for services rendered during the first month of the grace period and shall suspend payment of claims for services rendered during the second and third month of the grace period. If all outstanding premiums are not paid within the three-month period after they become due and payable, this Policy shall terminate as of the last day of the first month of the grace period.
  - b. For a Policyholder who is not a Qualified Individual receiving advance payments of premium tax credits, a grace period of thirty-one (31) days will be granted for the payment of premiums becoming payable after the first premium payment. During the grace period the Policy shall continue in force. If premiums are not paid within thirty-one (31) days after they become due and payable, this Policy shall terminate as of the date on which the premiums were due and payable.
8. **Reinstatement.** If any renewal premium is not paid within the grace period, a subsequent acceptance of premium by the Company or by any agent authorized by the Company to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the Policy; provided, however, that if the Company or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the Policy will be reinstated upon approval of such application by the Company or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless the Company has previously notified the Covered Person in writing of its disapproval of such application. In all other respects, the Covered Person and Company shall have the same rights hereunder as they had under the Policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than sixty (60) days prior to the date of reinstatement.

9. **Termination of a Covered Person's Coverage For Cause.**
- a. The Company may terminate coverage under this Policy upon thirty (30) days' written notice for:
    - (1) concealment of information, misrepresentation (whether intentional or not, subject to the provision entitled "Time Limit on Certain Defenses," See ARTICLE IX, B.) or fraud in obtaining coverage; or
    - (2) concealment of information, misrepresentation (whether intentional or not) or fraud in the filing of a claim for services, supplies, or in the use of services or facilities.
  - b. For purposes of this termination for cause provision, concealment of information or a misrepresentation occurs if (i) information is withheld or if incorrect information is provided and (ii) the Company would not have issued this Policy, would have charged a higher premium, would have required the Policy to be amended, or would not have paid a claim in the manner it was paid had the Company known the facts concealed or misrepresented.
  - c. Termination for cause shall be effective upon the later of (i) thirty (30) days after a written notice of termination for cause is posted in the U.S. Mail, addressed to the Policyholder at his or her last known address as provided by Policyholder to Company; or (ii) the date stated in the termination notice letter to Policyholder.
  - d. A Covered Person may appeal a termination for cause action. Such an appeal must be submitted in writing, addressed to the Appeals Coordinator of Arkansas Blue Cross and Blue Shield, 601 S. Gaines Street, Little Rock, Arkansas 72203. In order for the appeal to be considered the Appeals Coordinator must receive the appeal prior to the later of (i) thirty (30) days after a written notice of termination for cause is posted in the U.S. Mail, addressed to the Policyholder at his or her last known address as provided by Policyholder to Company; or (ii) the termination effective date stated in the termination notice letter to Policyholder.
10. **Termination of Benefits.** Upon termination of this Policy all benefits, except for Covered Services that incurred prior to termination, shall cease.

#### ARTICLE IV. COVERED SERVICES

- A. **Payment for Covered Services.** Payment for dental services will be made in accordance with this Policy. Such payments are subject to Coinsurance, Deductibles, Maximums and Limitations specified in this Policy. All payments for Covered Services are subject to a Calendar Year Maximum as listed in the Schedule of Benefits, if applicable. Once the Calendar Year Maximum has been met, the Company has no further liability for the remainder of the Calendar Year. All remaining charges for the balance of the Calendar Year will be the sole responsibility of the Covered Person.
- B. **PPO Dentists and Contracting Dentists.** PPO Dentists and Contracting Dentists have agreed to accept the Charge as payment in full for Covered Services except for the Deductible and In-Network Coinsurance if applicable. PPO Dentists and Contracting Dentists will not bill a Covered Person beyond the Charge for Covered Services unless the Calendar Year Maximum has been met. Covered Services performed by a PPO Dentist or Contracting Dentist are subject to the In-Network Coinsurance percentage of the Charge for the Covered Service stated in the Schedule of Benefits. The Covered Person is responsible for the payment of the applicable Deductible, In-Network Coinsurance, and any charges in excess of the Calendar Year Maximum, stated in the Schedule of Benefits. NOTE: Calendar Year Maximum is only applicable to Covered Persons age 19 and older and **does not** apply to Pediatric Covered Persons through age 18.
- C. **Non-Contracting Dentists.** Covered Services performed by a Non-Contracting Dentist are subject to the Out-of-Network Coinsurance percentage of the Charge for the Covered Service stated in the Schedule of Benefits. When Covered Services are performed by a Non-Contracting Dentist, the Company will pay contract benefits directly to the Policyholder. Any difference between the Non-Contracting Dentist's billed charge and the contract benefits paid by the Company shall be the responsibility of the Covered Person.
- D. **Treatment Plan/Predetermination/Prior Authorization**
- 1. The Company requires a Treatment Plan for services for which the dentist expects to bill \$300.00 or more. When a Treatment Plan is required, the dentist must submit such Treatment Plan to the

Company for predetermination prior to the performance by the dentist for any Covered Service. Substantiating material such as radiographic images and periodontal charting must be submitted with the Treatment Plan when requested by the Company.

2. If a Treatment Plan or substantiating material requested by the Company is not submitted, the Company reserves the right to determine benefits payable taking into account alternate procedures, services or courses of treatment, based on accepted standards of dental practice. Any amount, predetermined by the Company, shall be subject to adjustments by the Company at the time of final payment as may be necessary to correct any mathematical errors and to comply with the Policy in effect at the time the Covered Service is provided.
3. The Company shall not be liable under this Policy for any Covered Services, including those Covered Services predetermined by the Company, which are performed at a time the Covered Person's coverage is no longer in effect.
4. Prior Authorization is required for services indicated by an asterisk (\*) listed in Service Categories B and C for Covered Persons through age 18. Claims for services performed which required Prior Authorization, yet did not appropriately receive Prior Authorization, will be denied.

**E. Alternate Treatment**

Frequently, several alternate methods exist to treat a dental condition. For example, a tooth can be restored with a crown or a filling, and missing teeth can be replaced either with a fixed bridge or a partial denture. The Company will make payment based upon the Charge for the less expensive procedure if such less expensive procedure meets accepted standards of dental treatment as determined by the Company. The Company's decision does not commit the Covered Person to the less expensive procedure. However, if the Covered Person and the dentist choose the more expensive procedure, the Covered Person is responsible for the additional charges beyond those paid or allowed by the Company.

Examples:

1. If a crown is placed on a tooth when a filling would meet accepted standards of care, the amount normally reimbursed for a filling will be paid to the dentist or the Covered Person. The Covered Person is responsible for the difference in cost.
2. If precious metal (gold, etc.) is used for a partial denture rather than a non-precious metal or other suitable substitute, the amount normally paid for the non-precious metal or less expensive substitute will be reimbursed to the dentist or Covered Person. The Covered Person is responsible for the difference in cost.

- F. Dental Xtra.** Dental Xtra is a program that provides additional dental benefits for Covered Persons with one or more of the following conditions: diabetes, coronary artery disease, stroke, Sjögren's syndrome, oral cancer, head & neck cancers, pregnancy, chronic pulmonary disease (COPD), end-stage renal disease (ESRD), and metabolic syndrome (MetS). For Covered Persons with oral cancer, these benefits are available when there has been a previous diagnosis of oral cancer. For pregnancy, enrollment in the Dental Xtra program terminates on the reported expected delivery date, which is provided at time of enrollment. Covered Services are not subject to the deductible. Benefits paid do not count towards the Calendar Year Maximum and continue to be covered services under Dental Xtra once the Calendar Year Maximum has been reached. Coinsurance does not apply for covered services, when billed by a PPO Dentist or Contracting Dentist. Covered services billed by a Non-Contracting Dentist, are subject to coinsurance as listed in the Schedule of Benefits. To receive benefits under Dental Xtra, you must qualify and be enrolled into the program. For more information about enrollment and the benefits for Dental Xtra, you may access our website at [www.arkansasdentalblue.com](http://www.arkansasdentalblue.com).

## ARTICLE VII. SUBROGATION

If a Covered Person is injured by a third party, the Company is subrogated to all rights the Covered Person may have against any party liable for payment of medical treatment (including any and all insurance carriers) to the extent of payment for the services or benefits provided, to the extent allowed by law. The Covered Person must cooperate fully with the Company in its efforts to collect from the third party, and if the Covered Person fails to do so, the Company shall be entitled to withhold coverage of or offset future claim payments for benefits, services, payments, or credits due under this Policy. The Company may assert its subrogation rights independently of the Covered Person. In addition to the above-referenced subrogation rights, the Company also has reimbursement rights should the Covered Person, or the legal representative, estate or heirs of the Covered Person recover damages by settlement, verdict or otherwise, for an accident, injury, or illness. If a recovery is made, the Covered Person shall promptly reimburse the Plan any monetary recovery made by the Covered Person and includes, but is not limited to, uninsured and underinsured motorist coverage, any no-fault insurance, medical payments coverage, direct recoveries from liable parties, or any other source.

## ARTICLE VIII. COORDINATION AGAINST OTHER DENTAL COVERAGE

### A. Definitions:

1. **Allowable Expense** is a necessary, reasonable, and customary item of expense for dental care; when the item of expense is covered at least in part by one or more plans covering the insured for whom claim is made.  
When a plan provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an allowable expense and a benefit paid.
2. **Claim Determination Period** is a calendar year. However, it does not include any part of a year during which a Covered Person has no coverage under this Policy.
3. **Other Dental Plan** is any form of coverage which is separate from this Policy with which coordination is allowed. Other Dental Plans shall be any of the following which provides dental benefits or services:
  - a. Group insurance or group-type coverage, whether insured or uninsured, including prepayment groups. It does not include school accident type coverage (grammar, high school, and college student coverage's, including athletic injury, either on a twenty-four (24) hour basis or on a "to and from school basis").
  - b. Individually underwritten dental plan with a coordination of benefits provision.
  - c. Coverage under a governmental plan, or coverage required or provided by law. This does not include a state plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act, as amended).

Each contract or other arrangement for coverage under a., b. or c. is a separate plan. Also, if an arrangement has two parts and COB rules apply only to one of the two, each of the parts is a separate plan.
4. **Primary Plan** is the plan which determines its benefits first and without considering the other plan's benefits. A plan that does not include a COB provision may not take the benefits of another plan into account when it determines its benefits. In other words, a plan that does not have a COB provision is always the Primary Plan.
5. **Secondary Plan** is the plan which determines its benefits after those of the other plan (Primary Plan). Benefits may be reduced because of the other plan's (Primary Plan) benefits.  
When there are more than two plans covering the person, This Plan may be a Primary Plan as to one or more other plans and may be a Secondary Plan as to a different plan or plans.
6. **This Plan** is this Individual Policy.

**B. Applicability**

If either a Policyholder or Eligible Dependent are covered by any other dental benefits plan and receive services covered by both This Plan and the other plan, benefits will be coordinated. This means that one plan will be primary, while the other plan will be secondary. Each plan will provide only that portion of its benefit that is required to cover expenses. Coordination of Benefits prevents duplicate payments and overpayments.

The Company will determine the Allowable Expense in accordance with ADA guidelines on coordination of benefits.

**C. Order of Benefit Determination Rules**

**1. General**

When there is a basis for a claim under This Plan and another Plan, This Plan is a Secondary Plan which has its benefits determined after those of the other plan, unless;

- a. The other plan has rules coordinating its benefits with those of This Plan; and
- b. Both those rules and This Plan's rules require that This Plan's benefits be determined before those of the other plan.

**2. Rules**

This Plan determines its order of benefits using the first of the following rules which applies:

- a. Non-Dependent/Dependent - The benefits of the plan which covers the Covered Person as an employee, member or subscriber are determined before those of the plan which covers the Covered Person as a dependent; except that: if the Covered Person is also a Medicare beneficiary, and as a result of the rule established by Title XVIII of the Social Security Act and implementing regulations, Medicare is
  - (i) Secondary to the plan covering the Covered Person as a dependent and
  - (ii) Primary to the plan covering the Covered Person as other than a dependent then the benefits of the plan covering the Covered Person as a dependent are determined before those of the plan covering that Covered Person as other than a dependent.
- b. Dependent Child/Parents Not Separated or Divorced - Except as stated in Paragraph c. below, when This Plan and another plan cover the same child as a dependent of different persons, called parents:
  - (i) The benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in that year; but
  - (ii) If both parents have the same birthday, the benefits of the plan which covered one parent longer are determined before those of the plan which covered the other parent for a shorter period of time.
  - (iii) The word "birthday" refers only to month and day in a calendar year, not the year in which the person was born.

However, if the other plan does not have the rule described in (i) immediately above, but instead has a rule based on gender of the parent, and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.

- c. Dependent Child/Separated or Divorced - If two or more plans cover a Covered Person as a dependent child of divorced or separated parents, benefits for the child are determined in this order:
  - (i) First, the plan of the parent with custody of the child;
  - (ii) Then, the plan of the spouse of the parent with custody;
  - (iii) Finally, the plan of the parent not having custody of the child.

However, if the specific terms of a court decree state that one of the parents is responsible for the health care expense of the child, and the entity obligated to pay or provide the benefits of the plan of that parent has actual knowledge of those terms, the benefits of that plan are determined first. The plan of the other parent shall be the Secondary Plan. This paragraph does not apply with respect to any Claim Determination Period or calendar year during which any benefits are actually paid or provided before the entity has that actual knowledge.

- d. Joint Custody - If the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the dental care expenses of the child, the plans covering the child shall follow the order of benefit determination rules outlined in Paragraph b.
- e. Continuation Coverage - If a Covered Person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another plan, the following shall be the order of benefit determination:
  - (i) First, the benefits of a plan covering the Covered Person as an employee, member or subscriber (or as that Covered Person's dependent);
  - (ii) Second, the benefits under the continuation coverage.

If the other plan does not have the rules described above, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.
- f. Longer/Shorter Length of Coverage - If none of the above rules determine the order of benefits, the benefits of the plan which covered a member or subscriber longer are determined before those of the Plan which covered that Covered Person for the shorter term.

**D. Effect on the Benefits of This Plan:**

1. When This Section Applies

This section applies when This Plan is the Secondary Plan in accordance with the order of benefits determination outlined above. In that event, the benefits of This Plan may be reduced under this section.

2. Reduction in this Plan's Benefits

The benefits of This Plan will be reduced when the sum of:

- a. The benefits that would be payable for the allowable expense under This Plan in the absence of this COB provision; and
- b. The benefits that would be payable for the allowable expense under the other plans, in the absence of provisions with a purpose like that of this COB provision; whether or not claim is made, exceeds those allowable expenses in a claim determination period. In that case, the benefits of This Plan will be reduced so that they and the benefits payable under the other plans do not total more than those allowable expenses.

When the benefits of This Plan are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of This Plan.

**ARTICLE IX. OTHER PROVISIONS**

**A. Entire Policy.**

This Policy, any amendments thereto, and this Application, Change Request Form and the Schedule of Benefits constitute the entire agreement between the parties. No part of this Policy shall be changed or waived in any way except by written amendment signed by the President of the Company. No Agent has the authority to change any of its terms.

Finally, as a condition of coverage, you agree to fully and truthfully respond to inquiries from the Company about your claim or condition, including, but not limited to, your other insurance coverage, third party liability, or workers' compensation benefits and to request that any dentist or other provider so respond to all such inquiries. You understand and agree that your failure to respond to inquiries from the Company, or failure to cooperate fully to obtain information requested by the Company from your dentist or other provider shall be, by itself, grounds for denial of benefits under this Policy.
- H. Assignment. No assignment of benefits under this Policy shall be valid until approved and accepted by the Company. The Company reserves the right to make payment of benefits with a valid assignment, directly to the provider of service.
- I. How To Appeal A Claim

## **LIMITATIONS AND EXCLUSIONS UNDER THE ARKANSAS LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION ACT**

Residents of this state who purchase life insurance, annuities or health insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association"). The purpose of the Guaranty Association is to assure that policy and contract owners will be protected, within certain limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the Guaranty Association will assess its other member insurance companies for the money to pay the claims of policy and contract owners who live in this state and, in some cases, to keep coverage in force. Please note that the valuable extra protection provided by the member insurers through the Guaranty Association is limited. This protection is not a substitute for a consumers' careful consideration in selecting insurance companies that are well managed and financially stable.

### **DISCLAIMER**

The Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association") provides coverage of claims under some types of policies or contracts if the insurer or health maintenance organization becomes impaired or insolvent. **COVERAGE MAY NOT BE AVAILABLE FOR YOUR POLICY.** Even if coverage is provided, there are significant limits and exclusions. Coverage is always conditioned on residence in the State of Arkansas. Other conditions may also preclude coverage.

The Guaranty Association will respond to any questions you may have which are not answered by this document. Your insurer or health maintenance organization and agent are prohibited by law from using the existence of the association or its coverage to sell you an insurance policy or health maintenance organization coverage.

You should not rely on availability of coverage under the Guaranty Association when selecting an insurer or health maintenance organization.

The state law that provides for this safety net is called the Arkansas Life and Health Insurance Guaranty Association Act ("Act"), which is codified at Ark. Code Ann. §§ 23-96-101, et seq. Below is a brief summary of the Act's coverage, exclusions and limits. This summary does not cover all provisions of the Act, nor does it in any way change any person's rights or obligations under the Act or the rights or obligations of the Guaranty Association.

### **COVERAGE**

Generally, individuals will be protected by the Guaranty Association if they live in this state and hold a life, annuity or health insurance contract or policy, or if they are insured under a group insurance contract issued by a member insurer. The beneficiaries, payees or assignees of policy or contract owners are protected as well, even if they live in another state.

### **EXCLUSIONS FROM COVERAGE**

However, persons owning such policies are NOT protected by the Guaranty Association if:

- They are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);

- The insurer was not authorized to do business in this state; or
- Their policy or contract was issued by a hospital or medical service organization, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policy or contract owner is subject to future assessments, or by an insurance exchange.

**The Guaranty Association also does NOT provide coverage for:**

- Any policy or contract or portion thereof which is not guaranteed by the insurer or for which the owner has assumed the risk, such as non-guaranteed amounts held in a separate account under a variable life or variable annuity contract;
- Any policy of reinsurance (unless an assumption certificate was issued);
- Interest rate yields that exceed an average rate;
- Dividends, voting rights and experience rating credits;
- Credits given in connection with the administration of a policy by a group contract holder;
- Employer plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them);
- Unallocated annuity contracts (which give rights to group contract holders, not individuals);
- Unallocated annuity contracts issued to or in connection with benefit plans protected under the Federal Pension Benefit Corporation ("FPBC"), regardless whether the FPBC is yet liable or not;
- Portions of an unallocated annuity contract not owned by a benefit plan or a government lottery (unless the owner is a resident) or issued to a collective investment trust or similar pooled fund offered by a bank or other financial institution;
- Portions of a policy or contract to the extent assessments required by law for the Guaranty Association are preempted by state or federal law;
- Obligations that do not arise under the policy or contract, including claims based on marketing materials or side letters, riders, or other documents which do not meet filing requirements, claims for policy misrepresentations, and extra-contractual or penalty claims; or
- Contractual agreements establishing the member insurer's obligations to provide book value accounting guarantees for defined contribution benefit plan participants (by reference to a portfolio of assets owned by a nonaffiliated benefit plan or its trustee(s)).

**LIMITS ON AMOUNT OF COVERAGE**

The Act also limits the amount the Guaranty Association is obligated to cover: The Guaranty Association cannot pay more than what the insurance company would owe under a policy or contract. Also, for any one insured life, the Guaranty Association will pay a maximum of \$300,000 in life insurance death benefits without regard to the number of policies and contracts there were with the same company, even if they provided different types of coverages. The Guaranty Association will pay a maximum of \$500,000 in health benefits, provided that coverage for disability insurance benefits and long-term care insurance benefits shall not exceed \$300,000. The Guaranty Association will pay \$300,000 in present value of annuity benefits, including net cash surrender and net cash withdrawal values. There is a \$1,000,000 limit with respect to any contract holder for unallocated annuity benefits. These are limitations under which the Guaranty Association is obligated to operate prior to considering either its subrogation and assignment rights or the extent to which those benefits could be provided from assets of the impaired or insolvent insurer.
