We also must give you this notice to tell you how we may use and release (“disclose”) your protected health information held by us. Arkansas Blue Cross and Blue Shield is a business name of USABLE Mutual Insurance Company.

Throughout this notice, we will use the name “Arkansas Blue Cross” as a shorthand reference for Arkansas Blue Cross and Blue Shield.

Arkansas Blue Cross must use and release your protected health information to provide information:

- To you or someone who has the legal right to act for you (your personal representative)
- To the Secretary of the Department of Health and Human Services, if necessary, to make sure your privacy is protected, and
- Where required by law.

Arkansas Blue Cross has the right to use and release your protected health information to evaluate and process your health plan or health insurance claims, enroll and disenroll you and your dependents, and perform related business operations.

For example:

- We can use and disclose your protected health information to pay or deny your claims, to collect your premiums, or to share your benefit payment or status with other insurer(s).
- We can use and disclose your protected health information for regular healthcare operations. Members of our staff may use information in your personal health record to assess our efficiency and outcomes in your case and others like it. This information will then be used in an effort to continually improve the quality and effectiveness of benefits and services we provide.
- We may disclose protected health information to your employer for health plan administration purposes, including healthcare operations of the health plan, if your employer arranges for your insurance or funds the health plan coverage and serves as plan administrator. If your employer meets the requirements outlined by the privacy law to ensure adequate separation between the employer and the health plan itself, we can disclose protected health information to the appropriate health plan administrative department of your employer to assist in obtaining coverage or processing a claim or to modify benefits, work to control overall plan costs, and improve service levels. This information may be provided to the appropriate health plan administrative department of your employer in the form of routine reporting or special requests.
- We may disclose to others who are contracted to provide services as business associates on our behalf. Some services are provided in our organization through contracts with others. Examples include pharmacy management programs, dental benefits, and a copy service we use when making copies of your health record. Our contracts require these business associates to appropriately protect your information in compliance with applicable privacy and security laws.
- Our health professionals and customer service staff, using their best judgment, may disclose to a family member, other relative, close personal friend or any other person you identify, health information relevant to that person's involvement in your care or payment related to your care. Examples of such releases of your protected health information could include your spouse calling to verify a claim was paid, or the amount paid on a claim, or an adult child inquiring about explanation of benefit forms received by an elderly parent who is ill or impaired and unable to address their own health insurance or health plan business.

Arkansas Blue Cross may use or give out your protected health information for the following purposes, under limited circumstances:

- For law enforcement purposes (such as providing limited information to locate a missing person or in response to any federal or state agency administrative request that is authorized by law)
- For research studies that meet all privacy law requirements (such as research related to the prevention of disease or disability)
- To avoid a serious and imminent threat to health or safety
- To contact you, either directly or through a business associate, using your postal or email addresses, telephone numbers or other personal information, regarding new or changed health plan benefits or new health benefits product offerings of Arkansas Blue Cross.
- To contact you, either directly or through a business associate, using your postal or email addresses, telephone numbers or other personal information, regarding health care providers participating in our networks, disease management, health education and health promotion, preventive care options, wellness programs, treatment or care coordination or case management activities of Arkansas Blue Cross.

By law, Arkansas Blue Cross must have your written permission (an “authorization”) to use or release your protected health information for any purpose other than treatment, payment or healthcare operations or other limited exceptions outlined here or in the Privacy regulation or other applicable law. Once you have given your permission for us to release your protected health information you may take it back (“revoke”) at any time by giving written notice to us, except if we have already acted based on your original permission. To the extent (if any) that we maintain or receive psychotherapy notes about you, most disclosures of these notes require your authorization. Also, to the extent (if any) that we use or disclose your information for our fundraising practices, we will provide you with the ability to opt out of future fundraising communications. In addition, most (but not all) uses and disclosures of medical information for marketing purposes, and disclosures that constitute a sale of protected health information require your authorization.

### **Personal Health Record (PHR)**

If you have a health benefit plan issued by Arkansas Blue Cross on or after October 1, 2007, you have a Personal Health Record (PHR). Your PHR contains a summary of claims submitted for services you received while you are or were covered by your health benefit plan, as well as non-claims data you choose to enter yourself. Your PHR will continue to exist, even if you discontinue coverage under your health benefit plan. You have access to your PHR through the Arkansas Blue Cross website. In addition, unless you limit access, your physician and other healthcare providers who provide you treatment have access to your PHR. Certain information that may exist in the claims records will not be made available to your physician and other healthcare providers automatically.

To protect your privacy, information about treatment for certain sensitive medical conditions, such as HIV/AIDS, sexually transmitted diseases, mental health, drug or alcohol abuse or family planning, will be viewable by you alone unless you choose to make this information available to the medical personnel who treat you. Similarly, non-claims data, such as your medical, family and social history, will only appear in your PHR if you choose to enter it yourself. It is important to note that you have the option to prohibit access to your PHR completely, either by electronically selecting to prohibit access or by sending a written request to prohibit access to the Privacy Office at the address below.

### **Special Note on Genetic Information**

We are prohibited by law from collecting or using genetic information for purposes of underwriting, setting premium, determining eligibility for benefits or applying any pre-existing condition exclusion under an insurance policy or health plan. Genetic information means not only genetic tests that you have received, but also any genetic tests of your family members, or any manifestations of a disease or disorder among your family members. Except for pre-existing condition exclusions, we may obtain and use genetic information in making a payment or denial decision, or otherwise

processing a claim for benefits under your health plan or insurance policy, to the extent that genetic information is relevant to the payment or denial decision or proper processing of your claim.

## **Your Rights Regarding Information About You**

The listing will not cover your protected health information that was released to you or your personal representative, or that was released for payment or healthcare operations, or that was released for law enforcement purposes.
- Ask Arkansas Blue Cross to communicate with you in a different manner or at a different place (for example, by sending your correspondence to a P.O. Box instead of your home address) if you are in danger of personal harm if the information is not kept confidential.
- Ask Arkansas Blue Cross to limit how your protected health information is used and released to pay your claims and perform healthcare operations. Please note that Arkansas Blue Cross may not be able to agree to your request.
- Get a separate paper copy of this notice.
- For purposes of obtaining our company's assistance with your application for coverage or associated subsidies through Arkansas Works (the federal Affordable Care Act Exchange), you have the right in so doing to request that we limit further collection, creation, disclosure, access, maintenance, storage and use of your personally identifiable information.

This Policy is conditioned upon your residence in Arkansas.

## 1.0 HOW THE COVERAGE UNDER YOUR INSURANCE PLAN WORKS

- 1.1 Through your premium payments, you have purchased a Plan of insurance benefits (“Plan”) provided by this Policy issued by Arkansas Blue Cross and Blue Shield (“the Company”) that provides a range of coverage for medical services you may need. This Policy provides you valuable health insurance, but you should understand clearly that the Plan does NOT cover all medical services, drugs, supplies, tests or equipment (“Health interventions” or “Interventions”). A Plan covering all Health Interventions would be prohibitively expensive. For that reason, we have offered and you have purchased a more limited Plan. This Policy, together with your application and any riders or endorsements signed by the President of the Company, is the contract that describes what you have and have not purchased; in other words, what is and is not eligible for benefits under your Plan. **Accordingly, you should read this entire document carefully both now and BEFORE you obtain medical services to be sure you understand what is covered and the limitations on your coverage.**
- 1.2 The philosophy and purpose behind your Plan is that we want you to have coverage for the vast majority of medical needs or emergencies you may face, including most hospital and physician services, prescription drugs, supplies and equipment. However, in order to keep costs of your Plan within reasonable limits, we have deliberately excluded coverage of a number of specific Health Interventions, we have placed coverage limits on some other interventions, and we have established an overall standard we call the “Primary Coverage Criteria” that each and every claim for benefits must meet in order to be covered under your Plan.
- 1.3 Here is an important thing for you to clearly understand. For any Health Intervention, there are six general coverage criteria that must be met in order for that intervention to qualify for coverage under your Plan.
1. The Primary Coverage Criteria must be met.
  2. The Health Intervention must conform to specific limitations stated in your Plan.
  3. The Health Intervention must not be specifically excluded under the terms of your Plan.
  4. At the time of the intervention, you must meet the Plan's eligibility standards.
  5. You must comply with the Plan's Provider network and cost sharing arrangements; and
  6. You must follow the Plan's procedures for filing claims.
- The following discussion will give you a brief description of each of these qualifications.
- 1.4 **The Primary Coverage Criteria.** The Primary Coverage Criteria apply to ALL benefits you may claim under your Plan. It does not matter what types of Health Intervention may be involved or when or where you obtain the intervention. The Primary Coverage Criteria are designed to allow Plan benefits for only those Health Interventions that are proven as safe and effective treatment. The Primary Coverage Criteria also provide benefits only for the less invasive or less risky intervention when such intervention would safely and effectively treat the medical condition; or they provide benefits for treatment in an outpatient, doctor's office or home care setting when such treatment would be a safe and effective alternative to hospitalization. Examples of the types of Health Interventions that the Primary Coverage Criteria exclude from coverage include such things as the cost of a hospitalization for a minor cold or some other condition that could be treated outside the hospital, or the cost of some investigational drug or treatment such as herbal therapy or some forms of high dose Chemotherapy not shown to have any beneficial or curative effect on a particular cancerous condition. Finally, the Primary Coverage Criteria require that if there are two or more effective alternative Health Interventions, the Company shall limit its payment to the Allowable Charge for the most cost effective intervention. The specific coverage standards that must be met under the Primary Coverage Criteria are outlined in detail in Section 2.0 of this document.
- 1.5 **Specific Limitations in Your Plan.** Because of the high cost of some Health Interventions, as well as the difficulty in some cases of determining whether an intervention is really needed, we include coverage for such Health Interventions but place limits on the extent of coverage, either by limiting the number of Provider visits or treatments, or by specifying a dollar limit for services or treatment received during a Policy Term or other specified time period. Examples of such limitations include a dollar limitation on coverage for Ambulance Services and Durable Medical Equipment, and a limit on the number of covered visits for home health services, and physical, occupational and speech therapy. Other types of limitations include requirements that an intervention be provided in a particular location or by a Provider holding a particular type of license, or in accordance with a written treatment plan or other documentation. Common benefits and limitations are outlined in detail in Section 3.0 of

this document. You will note that this document refers to Coverage Policies we have developed that may address limitations of coverage for a particular service, treatment or drug. You may request a copy of our Coverage Policy with respect to a particular service, treatment or drug, or, if you have Internet access, you may review all our established Coverage Policies on our web site at [WWW.ARKANSASBLUECROSS.COM](http://WWW.ARKANSASBLUECROSS.COM).

1.6 **Specific Exclusions in Your Plan.** There are many possible reasons why we have selected a particular condition, health care Provider, Health Intervention, or service to be excluded from your Plan. Some exclusions are based on the availability of other coverage or financing for certain types of injuries. For example, injuries you receive on the job are generally covered by workers' compensation. Other exclusions are based on the need to try to keep your coverage affordable, covering basic health care service needs, but not covering every possible desired intervention. The exclusion for Cosmetic Services is an example of this type of exclusion. The plan excludes coverage of some health care Providers because we believe the Provider is not qualified or because the Provider lacks experience. For example the plan does not cover services rendered by unlicensed Providers or by Hospital residents, interns, students or fellows. Other exclusions are based on our judgment that the need for such Health Intervention is questionable in many cases, or that the services are of unknown or unproven beneficial effect. Examples of these types of exclusions include biofeedback and cranial electrotherapy stimulation devices, as well as some forms of high dose Chemotherapy and bone marrow transplantation. **Before you undergo treatment or tests, you should review the specific exclusions listed in Section 4.0 of this document. If you have any question about whether a specific exclusion applies, discuss it with your doctor(s). Call our Customer Service representatives if you need assistance.** You may also request a copy of our Coverage Policy with respect to a particular service, treatment or drug, or, if you have Internet access, you may review all our established Coverage Policies on our web site at [WWW.ARKANSASBLUECROSS.COM](http://WWW.ARKANSASBLUECROSS.COM).

1.7 **Provider Network and Cost Sharing Procedures.**

Your plan does not provide coverage for a Health Intervention unless it is provided by a Provider as defined in this Plan. See Subsection 9.79.

Your plan does not provide coverage for one hundred percent of the costs associated with covered Health Interventions. You are expected to pay an initial amount of covered Allowable Charges you incur each Policy Term. This amount is called a "Deductible." After you have paid the Deductible, you may pay a percentage of Allowable Charges called "Coinsurance." Once your covered Allowable Charges reach a specified amount, called "Policy Coinsurance Maximum," the Company will pay one hundred percent of covered Allowable Charges you incur until the end of the Policy Term.

Provider networks are designed to try to hold down the costs of your Plan through discounted medical fees that the Company has negotiated with these Providers. Your Plan includes incentives in the form of lower Deductible, lower Coinsurance and a lower Policy Coinsurance Maximum to encourage you to consult and seek treatment from physicians, hospitals and other health care Providers who participate in our Provider network, called "Preferred Providers." A full explanation of the Deductible, Coinsurance and Policy Coinsurance Maximum applicable to your Plan are set out in Section 5.0 and the Schedule of Benefits.

You and your physician are always free to make any decision you believe is best for you concerning whether to receive any particular service or treatment, or whether to see any practitioner or Provider (in or out of the network). However, if you go "out-of-network" for services or treatment, your coverage will be reduced or limited to the out-of-network rate. There are exceptions to the network procedures; for example Emergency Care or if, prior to your effective date of coverage, you were engaged with a Non-Preferred Provider for a scheduled procedure and you receive PRIOR approval from the Company to continue at the Preferred Provider benefit level for the scheduled procedure. Unless one of these exceptions apply, if you want to receive the full benefit of your Plan, you should check in advance to see if the Provider is a Preferred Provider. Preferred Providers are identified in our published Provider directory, or you may call Customer Service to ask about a specific Provider, or visit our web site at [WWW.ARKANSASBLUECROSS.COM](http://WWW.ARKANSASBLUECROSS.COM).

1.8 **Eligibility Standards.** You must be eligible for benefits under your Plan at the time you receive a Health Intervention. Eligibility standards are set forth in Section 6.0 of this document. All premiums must be timely paid. It is important to understand the provisions of Section 6.0 that outline the circumstances under which your Policy may terminate.

- 1.9 **Claim Filing Procedures.** Your Plan provides procedures that you, your Provider or your Authorized Representative must follow in filing claims with the Company. Your failure to follow these procedures could result in significant delays in the processing of your claim, as well as potential denial of benefits. These procedures are set out in Section 7.0. In addition, Section 7.0 explains how you can appeal a benefit determination in the event you believe that such benefit determination does not comply with the terms of the Plan.
- 1.10 **Plan Administration.** Certain important matters including financial incentives for Providers, not otherwise described in this Policy, are set out in Section 8.0. Section 9.0 is a glossary of defined terms used in the Policy.
- 1.11 **Membership in Arkansas Blue Cross and Blue Shield.** As the owner of this Policy, the Policyholder is a Member of Arkansas Blue Cross and Blue Shield. Section 10.0 describes the meetings of Members, gives notice of the Annual Meeting of Members, and describes a Member's voting rights.

## 2.0 PRIMARY COVERAGE CRITERIA

- 2.1 **Purpose and Effect of Primary Coverage Criteria.** The Primary Coverage Criteria are set out in this Section 2.0 of this document. The Primary Coverage Criteria are designed to allow Plan benefits for only those Interventions that are proven as safe and effective treatment. Another goal of the Primary Coverage Criteria is to provide benefits only for the less invasive or least risky Intervention when such Intervention would safely and effectively treat the medical condition, or to provide benefits for treatment in an outpatient, doctor's office or home care setting when such treatment would be a safe and effective alternative to hospitalization. Finally, if there is more than one effective Health Intervention available, the Primary Coverage Criteria allow the Company to limit its payment to the Allowable Charge for the most cost-effective Intervention. Regardless of anything else in this Plan, and regardless of any other communications or materials you may receive in connection with your Plan, you will not have coverage for any service, any medication, any treatment, any procedure or any equipment, supplies or associated costs UNLESS the Primary Coverage Criteria set forth in this Section are met. At the same time, bear in mind that just because the Primary Coverage Criteria are met does not necessarily mean the treatment or services will be covered under your Plan. For example, a Health Intervention that meets the Primary Coverage Criteria will be excluded if the condition being treated is a non-covered treatment excluded by the Plan. (See Subsection 4.1.1.) As explained in the preceding Section 1.0, the Primary Coverage Criteria represent one category of six general coverage criteria that must be met for coverage in all cases. The Primary Coverage Criteria are as follows:
- 2.2 **Elements of the Primary Coverage Criteria.** In order to be covered, medical services, drugs, treatments, procedures, tests, equipment or supplies ("Interventions") must be recommended by your treating physician and meet all of the following requirements:
1. The Intervention must be an item or service delivered or undertaken primarily to prevent, diagnose, detect, treat, palliate or alleviate a medical condition or to maintain or restore functional ability of the mind or body. A "medical condition" means a disease, illness, injury, pregnancy or a biological or psychological condition that, if untreated, impairs or threatens to impair ability of the body or mind to function in a normal, healthy manner.
  2. The Intervention must be proven to be effective (as defined in Subsections 2.3.1.a. or 2.3.1.b, below) in preventing, treating, diagnosing, detecting, or palliating a medical condition.
  3. The Intervention must be the most appropriate supply or level of service, considering potential benefits and harm to the patient. The following three examples illustrate application of this standard (but are not intended to limit the scope of the standard): (i) An Intervention is not appropriate, for purposes of the Primary Coverage Criteria, if it would expose the patient to more invasive procedures or greater risks when less invasive procedures or less risky Interventions would be safe and effective to diagnose, detect, treat or palliate a medical condition. (ii) An Intervention is not appropriate, under the Primary Coverage Criteria, if it involves hospitalization or other intensive treatment settings when the Intervention could be administered safely and effectively in an outpatient or other less intensive setting, such as the home. And (iii) Maintenance Therapy is another example of this standard because under the

Primary Coverage Criteria, chiropractor services or other physical therapy, speech or occupational therapy, are not considered appropriate for purposes of coverage if the frequency or duration of therapy reaches a point of maintenance where the patient remains at the same functional level and further therapy would not improve functional capacity or ambulation.

4. The Primary Coverage Criteria allow the Company to limit its coverage under the Plan to payment of the Allowable Charge for the most cost-effective Intervention.

“Cost-effective” means a Health Intervention where the benefits and harms relative to the costs represent an economically efficient use of resources for patients with the medical condition being treated through the Health Intervention. For example, if the benefits and risks to the patient of two alternative Interventions are comparable, a Health Intervention costing \$1,000 will be more cost effective than a Health Intervention costing \$10,000. “Cost-effective” shall not necessarily mean the lowest price.

**2.3 Primary Coverage Criteria Definitions.** The following definitions are used in describing the elements of the Primary Coverage Criteria:

**1. Effective defined**

- a. An existing Intervention (one that is commonly recognized as accepted or standard treatment or which has gained widespread, substantially unchallenged use and acceptance throughout the United States) will be deemed “effective” for purposes of the Primary Coverage Criteria if the Intervention is found to achieve its intended purpose and to cure, alleviate, or enable diagnosis or detection of a medical condition without exposing the patient to risks that outweigh the potential benefits. This determination will be based on consideration of the following factors, in descending order of priority and weight:
  - i. scientific evidence, as defined in Subsection 2.3.2, below (where available);  
or
  - ii. if scientific evidence is not available, expert opinion(s) (whether published or furnished by private letter or report) of an Independent Medical Reviewer(s) with education, training and experience in the relevant medical field or subject area; or
  - iii. if scientific evidence is not available, and if expert opinion is either unavailable for some reason or is substantially equally divided, professional standards, as defined and qualified in Subsection 2.3.3, below, may be consulted.
  - iv. If neither scientific evidence, expert opinion nor professional standards show that an existing Intervention will achieve its intended purpose to cure, alleviate, or enable diagnosis or detection of a medical condition, then the Company in its discretion may find that such existing Intervention is not effective and, on that basis, fails to meet the Primary Coverage Criteria.
- b. A new Intervention (one that is not commonly recognized as accepted or standard treatment or which has not gained widespread, substantially unchallenged use and acceptance throughout the United States) will be deemed “effective” for purposes of the Primary Coverage Criteria if there is scientific evidence (as defined in Subsection 2.3.2, below) showing that the Intervention will achieve its intended purpose and will cure, alleviate, or enable diagnosis or detection of a medical condition without exposing the patient to risks that outweigh the potential benefits. Scientific evidence is deemed to exist to show that a new Intervention is **not** effective if the procedure is the subject of an ongoing phase I, II, or III trial or is otherwise under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with a standard means of treatment or diagnosis. If there is a lack of scientific evidence regarding a new Intervention, or if the available scientific evidence is in conflict or the subject of continuing debate, the new Intervention shall be deemed “not effective,” and therefore not covered in accordance with the Primary Coverage Criteria, with one exception -- if there is a new Intervention for which clinical trials have not been conducted because the disease at issue is rare or new or

affects only a remote population, then the Intervention may be deemed “effective” if, but only if, it meets the definition of “effective” as defined for existing Interventions in Subsection 2.3.1.a., above.

2. **Scientific Evidence defined.** “Scientific Evidence,” for purposes of the Primary Coverage Criteria, shall mean only one or more of the following listed sources of relevant clinical information and evaluation:
  - a. Results of randomized controlled clinical trials, as published in the authoritative medical and scientific literature that directly demonstrate a statistically significant positive effect of an Intervention on a medical condition. For purposes of this Subsection a., “authoritative medical and scientific literature” shall be such publications as are recognized by the Company, listed in its Coverage Policy or otherwise listed as authoritative medical and scientific literature on the Company's web site at [WWW.ARKANSASBLUECROSS.COM](http://WWW.ARKANSASBLUECROSS.COM); or
  - b. Published reports of independent technology or pharmaceutical assessment organizations recognized as authoritative by the Company. For purposes of this Subsection b. an independent technology or pharmaceutical assessment organization shall be considered “authoritative” if it is recognized as such by the Company, listed in its Coverage Policy or otherwise listed as authoritative on the Company's web site at [WWW.ARKANSASBLUECROSS.COM](http://WWW.ARKANSASBLUECROSS.COM).
3. **Professional Standards defined.** “Professional standards,” for purposes of applying the “effectiveness” standard of the Primary Coverage Criteria to an existing Intervention, shall mean only the published clinical standards, published guidelines or published assessments of professional accreditation or certification organizations or of such accredited national professional associations as are recognized by the Company's Medical Director as speaking authoritatively on behalf of the licensed medical professionals participating in or represented by the associations. The Company shall have full discretion whether to accept or reject the statements of any professional association or professional accreditation or certification organization as “professional standards” for purposes of this Primary Coverage Criteria. No such statements shall be regarded as eligible to be classified as “professional standards” under the Primary Coverage Criteria unless such statements specifically address effectiveness of the Intervention and conclude with substantial supporting evidence that the Intervention is safe, that its benefits outweigh potential risks to the patient, and that it is more likely than not to achieve its intended purpose and to cure, alleviate or enable diagnosis or detection of a medical condition.

#### 2.4 Application and Appeal of Primary Coverage Criteria.

1. The following rules apply to any application of the Primary Coverage Criteria. The Company shall have full discretion in applying the Primary Coverage Criteria, and in interpreting any of its terms or phrases, or the manner in which it shall apply to a given. No Intervention shall be deemed to meet the Primary Coverage Criteria unless the Intervention qualifies under ALL of the following rules:
  - a. **Illegality** - An Intervention does not meet the Primary Coverage Criteria if it is illegal to administer or receive it under federal laws or regulations or the law or regulations of the state where administered.
  - b. **FDA Position** - An Intervention does not meet the Primary Coverage Criteria if it involves any device or drug that requires approval of the U.S. Food and Drug Administration (“FDA”), and FDA approval for marketing of the drug or device for a particular medical condition has not been issued prior to your date of service. In addition, an Intervention does not meet the Primary Coverage Criteria if the FDA or the U.S. Department of Health and Human Services or any agency or division thereof, through published reports or statements, or through official announcements or press releases issued by authorized spokespersons, have concluded that the Intervention or a means or method of administering it is unsafe, unethical or contrary to federal laws or regulations. Neither FDA Pre-Market Approval nor FDA finding of substantial equivalency under 510(k) automatically guarantees coverage of a drug or device.

- c. Proper License - An Intervention does not meet the Primary Coverage Criteria if the health care professional or facility administering it does not hold the proper license, permit, accreditation or other regulatory approval required under applicable laws or regulations in order to administer the Intervention.
  - d. Plan Exclusions, Limitations or Eligibility Standards - Even if an Intervention otherwise meets the Primary Coverage Criteria, it is not covered under this Plan if the Intervention is subject to a Plan exclusion or limitation, or if you fail to meet Plan eligibility requirements.
  - e. Position Statements of Professional Organizations - Regardless of whether an Intervention meets some of the other requirements of the Primary Coverage Criteria, the Intervention shall not be covered under the Plan if any national professional association, any accrediting or certification organization, any widely-used medical compendium, or published guidelines of any national or international workgroup of scientific or medical experts have classified such Intervention or its means or method of administration as “experimental” or “investigational” or as questionable or of unknown benefit. However, an Intervention that fails to meet other requirements of the Primary Coverage Criteria shall not be covered under the Plan, even if any of the foregoing organizations or groups classify the Intervention as not “experimental” or not “investigational,” or conclude that it is beneficial or no longer subject to question. For purposes of this Subsection e., “national professional association” or “accrediting or certifying organization,” or “national or international workgroup of scientific or medical experts” shall be such organizations or groups recognized by the Company, listed in its Coverage Policy or otherwise listed as authoritative on the Company's web site at [WWW.ARKANSASBLUECROSS.COM](http://WWW.ARKANSASBLUECROSS.COM).
  - f. Coverage Policy - With respect to certain drugs, treatments, services, tests, equipment or supplies, the Company has developed specific Coverage Policies, which have been put into writing, and are published on the Company's web site at [WWW.ARKANSASBLUECROSS.COM](http://WWW.ARKANSASBLUECROSS.COM). If the Company has developed a specific Coverage Policy that applies to the drug, treatment, service, test, equipment or supply that you received or seek to have covered under your Plan, the Coverage Policy shall be deemed to be determinative in evaluating whether such drug, treatment, service, test, equipment or supply meets the Primary Coverage Criteria; however, the absence of a specific Coverage Policy with respect to any particular drug, treatment, service, test, equipment or supply shall not be construed to mean that such drug, treatment, service, test, equipment or supply meets the Primary Coverage Criteria.
2. You may appeal a determination by the Company that an Intervention does not meet the Primary Coverage Criteria to the Appeals Coordinator. Use the procedures for appeals outlined in Sections 7.2 and 7.3.
  3. Any appeal available with respect to a Primary Coverage Criteria determination shall be subject to the terms, conditions and definitions set forth in the Primary Coverage Criteria. An appeal shall also be subject to the terms, conditions and definitions set forth elsewhere in this Plan. The Appeals Coordinator or an External Review organization shall render its independent evaluation so as to comply with and achieve the intended purpose of the Primary Coverage Criteria and other provisions of this Plan.

### **3.0 BENEFITS AND SPECIFIC LIMITATIONS IN YOUR PLAN**

Because of the high cost of some services or treatments, as well as the difficulty in some cases of determining whether services are really needed, we include coverage for such services or treatments but place limits on the extent of coverage, either by limiting the number of Provider visits or treatments, or by specifying a dollar limit for services or treatments received during a calendar year or other specified period of time. This Section 3.0 describes medical services, drugs, supplies, tests and equipment for which coverage is provided under the Plan, provided all terms, conditions, exclusions and limitations of the Plan, including the six coverage criteria, are satisfied. This Section 3.0 sets out specific limitations applicable to each covered medical service, drug, supply or equipment.

You will note references to Deductible and Coinsurance obligations. For a description of the amount of these

obligations and how they may vary depending upon the type and site of service and whether you select an In-Network or Out-of-Network Provider, refer to Section 5.0, the definition of Allowable Charge as set out in the Glossary of Terms and the Schedule of Benefits.

3.1 **Professional Services.** Subject to all terms, conditions, exclusions and limitations of the Plan set forth in this Policy, coverage is provided for the following professional services when performed by a Physician. All Covered Services are subject to the applicable Copayment, Deductible and Coinsurance specified in the Schedule of Benefits.

1. **Physician Office Visits.** Coverage is provided for the diagnosis and treatment of illness or Accidental Injury when provided in the medical office of a Physician.
2. **Physician Hospital Visits.** Coverage is provided for services of Physicians for diagnosis, treatment and consultation while the Covered Person is admitted as an inpatient in a Hospital for Covered Services.
3. **Surgical Services.** Coverage is provided for services of Physicians for surgery, either as an inpatient or outpatient. If coverage is provided for two (2) or more surgical operations performed during the same surgical encounter or for bilateral procedures, payment for the secondary or subsequent procedure will be made at a reduced rate. In general, overall payment for one or more procedures during the same operative setting will be no more than if the procedures had been done by one Physician. Details as to how such payments are calculated are provided to In-Network Physicians through *Provider News*.
4. **Assistant Surgeon Services.** Not all surgeries merit coverage for an assistant surgeon. Further, the Company's payment for a covered assistant surgeon shall be limited to one Physician qualified to act as an assistant for the surgical procedure.
5. **Telephone and Other Electronic Consultation.** Subject to all other terms, conditions, exclusions, and limitations of this Plan set forth in this Policy.
  - i. Coverage is provided for Telemedicine services performed by a person licensed, certified, or otherwise authorized by the laws of Arkansas to administer health care in the ordinary course of the practice of his or her profession at the same rate as if it had been performed in-person provided the Telemedicine service is comparable to the same service provided in person
  - ii. However, electronic consultations such as, but not limited to, telephonic, including interactive audio; fax; email; or for services, which are, by their nature, hands-on (e.g. surgery, interventional radiology, coronary, angiography, anesthesia, and endoscopy) are not covered.
  - iii. Communications made by a Physician responsible for the direct care of a Covered Person in Case Management with involved health care Providers, however, are covered.
6. **Standby Physicians.** Services of standby Physicians are only covered in the event such Physician is required to assist with certain high-risk deliveries specified by the Company, and only for such time as such Physician is in immediate proximity to the patient.
7. **Abortions.** Abortions are generally not covered, see Subsection 4.3.1. Pregnancy terminations under the direction of a Physician are covered, but only when performed in a Hospital or Outpatient Hospital setting.

3.2 **Hospital Services.** Subject to all terms, conditions, exclusions and limitations of the Plan set forth in this Policy, including applicable Deductible and Coinsurance specified in the Schedule of Benefits, coverage is provided for the following Hospital services. All Hospital services must be performed or prescribed by a Physician and provided by a Hospital.

1. **Inpatient Hospital Services.** This benefit is subject to the following specific limitations:
  - a. Payment for Hospital charges for inpatient admissions shall be limited to the lesser of the billed charge or the Allowable Charge established by the Company.
  - b. If you have a condition requiring that you be isolated from other patients, the Company will pay for an isolation unit equipped and staffed as such.
  - c. In the event services are rendered for a covered benefit during an inpatient admission to a Hospital where the admitting diagnosis was for a non-covered benefit, the Company will pay that portion of the Hospital Charge which is attributable to services

rendered for the covered benefit.

- d. The services of social workers shall be included in the basic daily room and board allowance.
- e. Hospital admissions outside the state of Arkansas are subject to Pre-admission Notification. Please call the number listed on the Schedule of Benefits to notify the Company of the admission.
- f. Services rendered in a Hospital in a country outside of the United States of America shall not be paid except at the sole discretion of the Company.

2. **Outpatient Hospital Services.** Coverage is provided for services of an Outpatient Hospital, Outpatient Surgery Center or Outpatient Radiation Therapy Center. However, if you use an out of state Outpatient Surgery Center that does not contract with the local Blue Cross and Blue Shield Plan, payment for all such services, including professional fees, will be limited to the charges for all the services or \$500 whichever is less.

3. **Hospital Services in Connection with Dental Treatment.** Subject to Prior Approval from the Company, coverage is provided for Hospital services, including anesthesia, services in connection with treatment for a complex dental condition provided to: (i) a Covered Person who is determined by two (2) dentists (in separate practices) to require the dental treatment without delay; (ii) a Covered Person with a diagnosis of serious mental or physical condition; or (iii) a Covered Person, certified by his or her Primary Care Physician to have a significant behavioral problem. For more information on how Prior Approval works and its potential effect on coverage of benefits, see Subsection 7.1.3.b. and the definition of Prior Approval in Subsection 9.76.

3.3 **Ambulatory Surgery Center.** Subject to all terms, conditions, exclusions and limitations of the Plan as set forth in this Policy and subject to the Deductible and Coinsurance specified in the Schedule of Benefits, coverage is provided for specific surgical services received at an Ambulatory Surgery Center that are performed or prescribed by a Physician. Covered services include diagnostic imaging and laboratory services required to augment a surgical service and performed on the same day as such surgical service. Ambulatory Surgery Center services in connection with treatment for a complex dental condition are provided in accordance with Subsection 3.2.3. However, if you use an out of state Ambulatory Surgery Center that does not contract with the local Blue Cross and Blue Shield Plan, payment for all such services, including professional fees, will be limited to the Allowable Charges incurred for all the services or \$500, whichever is less.

3.4 **Outpatient Diagnostic Services.** Subject to all terms, conditions, exclusions and limitations of the Plan as set forth in this Policy, coverage is provided for diagnostic services and materials, including but not limited to, diagnostic imaging (e.g. x-rays, fluoroscopy, ultrasounds, radionuclide studies) electrocardiograms, electroencephalograms and laboratory tests when performed or prescribed by a Physician and subject to the Deductible and Coinsurance specified in the Schedule of Benefits.

3.5 **Advanced Diagnostic Imaging Services.** Unless the Advanced Diagnostic Imaging Services are provided in accordance with Emergency Care Services (See Subsection 3.9), computed tomography scanning ("CT SCAN"), Magnetic Resonance Angiography or Imaging ("MRI/MRA"), Nuclear Cardiology and positron emission tomography scans ("PET SCAN") (collectively referred to as "Advanced Diagnostic Imaging") require Prior Approval from the Company. PET Scans are covered to diagnose or screen for cancer in Covered Persons who have been previously diagnosed with cancer, subject to the terms, conditions, exclusions and limitations set forth in Coverage Policy. For more information on how Prior Approval works and its potential effect on coverage of benefits, see Subsection 7.1.3.b. and the definition of Prior Approval in Subsection 9.76.

3.6 **Complications of Pregnancy.** Subject to all terms, conditions, exclusions and limitations of the Plan as set forth in this Policy, coverage is provided for treatment of Complications of Pregnancy when performed or prescribed by a Physician subject to the Deductible and Coinsurance amounts specified in the Schedule of Benefits. See Subsection 9.13 for the definition of Complications of Pregnancy.

3.7 **Therapy Services.** Subject to all terms, conditions, exclusions and limitations of the Plan as set forth in this Policy, coverage is provided for inpatient and outpatient therapy services when performed or prescribed by a Physician. Such therapy services include physical and occupational therapy. Such

therapy services shall include services provided for developmental delay, developmental speech or language disorder, developmental coordination disorder and mixed developmental disorder. Therapy services must be performed by an appropriate registered physical, occupational or speech-language therapist licensed by the appropriate State Licensing Board and must be furnished in accordance with a written treatment Plan established and certified by the treating Physician. This benefit is subject to the Primary Care Physician Copayment and/or Deductible and Coinsurance specified in the Schedule of Benefits.

1. **Inpatient Therapy.** Coverage is provided for inpatient therapy services, including professional services, when performed or prescribed by a Physician and rendered in a Hospital. Inpatient stays for therapy are subject to the Deductible and Coinsurance specified in the Schedule of Benefits.
  2. **Outpatient Therapy.** Coverage is provided for outpatient therapy services when performed or prescribed by a Physician. Coverage for outpatient visits for physical therapy and occupational therapy is limited to an aggregate maximum of thirty (30) visits per Covered Person per Policy Term. Outpatient spinal manipulations are limited to 6 per Covered Person per Policy Term but do not contribute toward the thirty (30) visit maximum. See Subsection 9.57 - Outpatient Therapy Visit.
  3. **Speech Therapy.** Treatment of speech, language, voice, communication and auditory processing disorder in a group setting is not a covered benefit.
  4. **Cardiac and Pulmonary Rehabilitation Therapy.** Coverage for cardiac and pulmonary rehabilitation therapy is provided in accordance with Coverage Policy. However, coverage is not provided for cardiac or pulmonary rehabilitation therapy from Freestanding Facilities. Peripheral vascular disease rehabilitation therapy is not covered.
  5. **Cognitive Rehabilitation.** Cognitive Rehabilitation is not covered. See Subsections 4.3.12 and 9.10.
  6. **Maintenance Therapy.** Maintenance Therapy is not covered. See Subsections 4.3.54 and 9.40.
  7. **Radio-Frequency Thermal Therapy.** The use of radio-frequency thermal therapy for treatment of orthopedic conditions is not covered. However, subject to all terms, conditions, exclusions and limitations of the Plan as set forth in this Policy, coverage for radio-frequency thermal therapy is provided and included in the payment for the primary procedure of the orthopedic condition.
- 3.8 **Psychiatric Conditions and Substance Abuse Services (Alcohol and Drug Abuse).** Subject to all terms, conditions, exclusions and limitations of the Plan as set forth in this Policy, coverage is provided for Psychiatric Conditions and substance abuse services when performed or prescribed by a Physician. **The treating facility must be a physician's office.** Treatment received at a Freestanding Residential Substance Abuse Treatment Center or at a Freestanding Psychiatric Residential Treatment Center is not a covered benefit. Coverage is limited to three (3) office visits subject to the Primary Care Physician Copayment per Covered Person per Policy Term. (See Subsection 9.80 – Psychiatric Conditions). Copayments for Psychiatric Conditions and substance abuse services do not apply to the Policy Coinsurance Maximum.
- 3.9 **Emergency Care Services.** Subject to all terms, conditions, exclusions and limitations of the Plan as set forth in this Policy, coverage is provided for Emergency Care when provided in the emergency room of a Hospital. When Emergency Care is needed the Covered Person should seek care at the nearest facility. Emergency Care must be received within forty-eight (48) hours of the emergency. Emergency Care and urgent care services are subject to the Deductible and Coinsurance specified in the Schedule of Benefits.
- Emergency Care is subject to medical review. If, based upon the signs and symptoms presented at the time of treatment as documented by attending health care personnel, the Company determines that a visit to the emergency room fails to meet the definition of Emergency Care as set out in this Policy (See Subsection 9.28 Emergency Care), coverage shall be subject to the Deductible and Coinsurance as stated in the Schedule of Benefits.
- 3.10 **Durable Medical Equipment.** Subject to all terms, conditions, exclusions and limitations of the Plan as set forth in this Policy, coverage is provided for Durable Medical Equipment (DME) when prescribed by a Physician according to the guidelines specified below and Prior Approval from the

Company. This benefit, together with the benefit for equipment under Subsection 3.13, Diabetes Management Services, and Subsection 3.16, Home Health Services, is subject to the Deductible and Coinsurance specified in the Schedule of Benefits, and has a benefit limitation of \$5,000 per Policy Term.

1. Durable Medical Equipment is equipment which (1) can withstand repeated use; and (2) is primarily and customarily used to serve a medical purpose; and (3) generally is not useful to a person in the absence of an illness or injury; and (4) is appropriate for use in the home. Coverage for Durable Medical Equipment and Medical Supplies is provided when the Durable Medical Equipment is provided in accordance with Coverage Policy. Examples of Durable Medical Equipment include, but are not limited to, oxygen equipment, wheelchairs and crutches.
2. Durable Medical Equipment delivery or set up charges are included in the Allowable Charge for the Durable Medical Equipment.
3. A single acquisition of eyeglasses or contact lenses within the first six months following cataract surgery is covered. With respect to such eyeglasses or contact lenses, tinting or anti-reflective coating and progressive lenses are not covered. The Allowable Charge is based on the cost for basic glasses or contact lenses. You can determine the amount of this Allowable Charge by contacting Customer Service.
4. Replacement of DME is covered only when necessitated by normal growth or when it exceeds its useful life. Maintenance and repairs resulting from misuse or abuse of DME are the responsibility of the Covered Person.
5. When it is more cost effective, the Company in its discretion will purchase rather than lease equipment. In making such purchase, the Company may deduct previous rental payments from its purchase Allowance.

## **5.0 PROVIDER NETWORK AND COST SHARING PROCEDURES**

The plan may afford you significant savings if you obtain coverage from Providers who are members of our Preferred Provider Organization (“Preferred Providers”) or other health care Providers who have contracted with the Company (“Contracting Providers”). This Section explains how you can maximize your benefits under the Plan by using Preferred Providers and Contracting Providers, see Subsection 5.1. Under your plan, you are responsible for part of the costs associated with covered services, supplies, equipment and treatment. Your responsibilities are explained in this Section, see Subsection 5.2. Finally, this Section explains how costs of benefits that are covered by another benefit plan are covered by the Plan, see Subsection 5.3.

### **5.1 Network Procedures.**

- 1. **Standard Benefits.** Subject to all terms, conditions, exclusions and limitations of the Plan set

forth in this Policy, coverage is provided for Health Interventions you receive from a Provider as defined by the Plan. See Subsection 9.79.

2. **Primary Care Physician (PCP) Selection.** You are encouraged to select and maintain a patient-physician relationship with a PCP. A PCP can be helpful to you in managing your health care. The PCP selected must be an In-Network Physician listed in the Preferred Provider Directory as a PCP and must be accepting new patients. You may contact Customer Service to select a PCP or change your PCP. The Provider Directory is available at [WWW.ARKANSASBLUECROSS.COM](http://WWW.ARKANSASBLUECROSS.COM). If you fail to select a PCP, the Company will recommend a PCP in your community, who is working with us to make health care easier and more affordable. We hope you'll call the recommended PCP and make an appointment — you may even get a call from his/her office asking to see you. Of course, if you prefer a different PCP, please let us know by calling 1-800-238-8379. PCP changes are effective on the first day of the following month.
3. **Preferred Provider Organization (PPO).** This coverage is most effective and advantageous for you when the services of Preferred Providers are used. Claims associated with services provided by Preferred Providers may have a more advantageous Deductible, Coinsurance and Policy Coinsurance Maximum than claims for services of Non-Preferred Providers. For the definitions and explanation of the terms “Deductible,” “Coinsurance,” and “Policy Coinsurance Maximum” please refer to Section 9.0 Glossary of Terms and Subsection 5.2.  
The PPO or In-Network Deductible, Coinsurance and Policy Coinsurance Maximum set forth in the Schedule of Benefits are applied to Allowable Charges for services and supplies you receive from a Preferred Provider, unless the Schedule of Benefits or this Policy shows a different Deductible, Coinsurance or Policy Coinsurance Maximum for the particular service.
4. **Non-PPO Benefits.** Reimbursement for services by Non- Preferred Providers generally will be less than payment for the same services when provided by a Preferred Provider and could result in substantial additional out-of-pocket expense. The Non-PPO or Out-of-Network Deductible, Coinsurance and Policy Coinsurance Maximum set forth in the Schedule of Benefits are applied to Allowable Charges for services and supplies you receive from a Non-Preferred Provider, unless:
  - a. **Plan Provision.** The Schedule of Benefits or this Policy provides a different Deductible, Coinsurance or Policy Coinsurance Maximum for the particular service or supply that is the subject of the claim;
  - b. **Emergency Services.** The intervention is for Emergency Care (see Subsection 9.28) and initial services are provided within forty-eight (48) hours of the onset of the injury or illness, in which case the In-Network Deductible, Coinsurance and Policy Coinsurance Maximum apply;
  - c. **Provider Leaves PPO.** You notify the Company that your Non-Preferred Provider was formerly a Preferred Provider when your ongoing treatment for an acute condition began and that you request PPO benefits for the continuation of such ongoing treatment. If the Company approves PPO coverage for the ongoing treatment, In-Network Deductible, Coinsurance and Policy Coinsurance Maximum will apply to claims for services and supplies rendered by the Non-Preferred Provider for such condition after the Company's approval until the end of the current episode of treatment or until the end of ninety (90) days, whichever occurs first;
  - d. **Company Approval.** You notify Company prior to receiving a Health Intervention and the Company has determined that the required covered services or supplies associated with such Health Intervention are not available from a Preferred Provider and has provided you a written approval of in-network coverage for such services or supplies, In-Network Deductible, Coinsurance and Policy Coinsurance Maximum will apply to the claims for the services that you receive from the Non-Preferred Provider.  
**Notification to the Company of requests for payment of out-of-network services or supplies at in-network benefit level should be made by writing Arkansas Blue Cross and Blue Shield, Attention: Medical Audit and Review Services, Post Office Box 3688, Little Rock, Arkansas 72203, and should be received at least 15 working days prior to your receipt of such services or supplies. See Section 7.0 for procedures related to urgent care requests.**

5. **No Balance Billing from Preferred Providers and Contracting Providers.** Preferred Providers and Contracting Providers are Physicians or Hospitals who are paid directly by the Company and have agreed to accept the Company's payment for covered services as payment in full except for your Deductible, Coinsurance and any specific benefit limitation, e.g. Home Health Visits are limited to 40 per year (Subsection 3.16), if applicable. **A Covered Person is responsible for billed charges in excess of the Company's payment when Physicians or Hospitals who are neither a Preferred Provider nor a Contracting Provider render services. These excess charges could amount to thousands of dollars in additional out of pocket expenses to the Covered Person.**
6. **Preferred Provider Directory.** The determination of whether a Physician or Hospital is a Preferred Provider, Non-Preferred Provider, Contracting Provider or Non-Contracting Provider is the responsibility of the Company. The Company can provide a list of Preferred Providers and Contracting Providers. You may also obtain a list of Preferred Providers and Contracting Providers on the Company's web site [WWW.ARKANSASBLUECROSS.COM](http://WWW.ARKANSASBLUECROSS.COM). A Provider's status may change. You can verify the Provider's status by calling Customer Service.  
**BlueCard PPO Program.** Your plan includes the BlueCard PPO benefit. This benefit allows you to receive PPO In-Network benefits from a Provider, as defined in Subsection 9.79, located outside of Arkansas, provided such Provider is in the PPO network of the local Blue Cross or Blue Shield Company. You may obtain a list of the PPO Providers in an out-of-Arkansas location or verify the status of an out of state Provider by calling 1-800-810-2583.
7. **Provider Status may Change.** It is possible that you might not be able to obtain services from a particular Preferred Provider. The network of Providers is subject to change. You might find that a particular PPO Provider may not be accepting new patients. If a Provider leaves the Network or is otherwise not available to you, you must choose another PPO Provider to get In-Network benefits.
8. **Certain Services may not be In-Network Benefits.** Do not assume that a PPO Provider's agreement includes all covered benefits. In particular all services provided at a PPO Hospital may not be provided by a PPO Provider; e.g. anesthesia, radiology or laboratory tests. Some PPO Providers contract with the Company to provide only certain covered benefits, but not all covered benefits. Some Providers choose to be a PPO Provider for only some of our products. Refer to the Provider directory, ask your Provider or contact Customer Service for assistance. **Your Provider may not be In-Network for all services.**
9. **Relation of the Company to Providers.** The decision about whether to use a Preferred Provider or a Contracting Provider is the sole responsibility of a Covered Person. Neither Preferred Providers nor Contracting Providers are employees or agents of the Company. The Company makes no representations or guarantees regarding the qualification or experience of any Provider with respect to any service. The evaluation of such factors and the decision about whether to use any Provider is the sole responsibility of the Covered Person.
10. **Scope of Provider Payment - Global Payment.** The Company's payment to a Provider for their services as described in a Current Procedural Terminology ("CPT") or Healthcare Common Procedure Coding System ("HCPCS") code and reimbursed in accordance with the Resource-Based Relative Value System ("RBRVS") used by the Centers for Medicare & Medicaid Services ("CMS") is an all-inclusive, global payment that covers all elements of the service as described in the particular code billed. This means that whatever staffing, overhead costs, equipment, drugs, machinery, tools, technology, supplies, or materials of any kind that may be required in order for the billing Provider to perform the service or treatment described in the CPT or HCPCS code billed, the Company's payment to the billing Provider of the Allowable Charge for that CPT or HCPCS code constitutes the entire payment and the limit of benefits under this Policy with respect to the CPT or HCPCS code billed. A Provider who bills for a particular CPT or HCPCS code is deemed to represent that the billing Provider has performed and is responsible for provision of all services or treatments described in the CPT or HCPCS code, and is entitled to bill for such services or treatments. If the Company pays for a Covered Service by applying the Allowable Charge to the bill of a Provider who represents that the Provider has performed a service or treatment described in a CPT or HCPCS code as submitted to the Company, the Company shall have no further obligation, nor is there coverage under this Policy, for bills from or payment to any other provider, entity

or person, regardless of whether they assisted the billing Provider or furnished any staffing, equipment, drugs, machinery, tools, technology, supplies or materials of any kind to or for the benefit of the billing Provider. In other words, benefits under this Policy are limited to one, global payment for all components of any services falling within the scope of any CPT or HCPCS code service or treatment description, and the Company will make only one payment with respect to such CPT or HCPCS code, even if multiple parties claim to have contributed a portion of the staffing, equipment, machinery, tools, technology, supplies or materials used by the billing Provider in the course of providing the service or treatment described in the CPT or HCPCS code.

For example, a physician who performs certain surgical procedures in the physician's office might choose to engage an equipment and supply company to set up the surgical table, furnish an assisting nurse, and also furnish certain surgical instruments, devices or supplies used by the physician. When the physician bills the Company for the physician's performance of the surgical procedure described in a specific CPT or HCPCS code, the Company will make a single, global payment to the physician for Covered Services described in the CPT or HCPCS code, and will not be obligated to pay for any charges of the equipment and supply company. In such circumstances, any charge or claim of payment due the equipment and supply company shall be the exclusive responsibility of the physician (or other provider) who engaged the equipment and supply company, and permitted or facilitated such company's access to the physician's patient. In any event, as noted above, no benefits are available under this Policy for any services, drugs, materials or supplies of the equipment and supply company. It is the Company's policy (and this Policy is specifically intended to adopt the same) that no benefits shall be paid for "unbundled services" in excess of the Company's Allowable Charge for any service as described in the applicable CPT or HCPCS code. This means, for example, that if a physician and another category of provider (such as a durable medical equipment supplier, a laboratory, a nurse practitioner, a nurse, a physician's assistant or any other category of provider) agree together to divide up, split or "unbundle" the components of any CPT or HCPCS code, and attempt to bill separately for the various components each allegedly provides for the patient, benefits under this Policy shall nevertheless be limited to one Allowance per CPT or HCPCS code; in such circumstances, your benefits under this Policy will pay only one Allowable Charge for any Covered Service described in any single CPT or HCPCS code, and the various providers involved in any such "unbundling" action or agreement must resolve among themselves any division of that single Allowable Charge between or among them. You can protect yourself from the possibility of billing in excess of the Allowable Charge in these circumstances by always inquiring in advance to be sure that each provider involved in your care or treatment is a Preferred Provider.

Please note that the Company makes the following exceptions to the preceding general policy of one global payment (Allowance) per CPT or HCPCS code: (i) where CMS has developed and published an RBRVS policy that specifically recognizes that the Relative Value Units (RVUs) associated with a specific CPT or HCPCS code should be divided into both a professional and a technical component; or (ii) billing of the services of an assistant surgeon for those CPT or HCPCS codes that specifically recognize assistant surgery services as applicable; or (iii) billing of radiopharmaceuticals used in nuclear medicine procedures where such radiopharmaceuticals clearly are not included in the practice expense portion of the associated RVU as published and defined by CMS; or (iv) billing of a procedure or set of procedures that, per the applicable CPT or HCPCS code definition, is based solely on time consumed so that it is necessary to submit multiple units of the procedure in order to accurately report the total time devoted to the patient. In the specific four circumstances outlined in the preceding sentence, the Company will recognize and pay more than one Allowance per CPT or HCPCS code, provided all other terms and conditions of this Policy are met. With respect to the first such circumstance involving RVUs divided between a professional and a technical component, the Company's payment will be limited to one global payment (Allowance) for the applicable professional component, and one global payment (Allowance) for the technical component. In other words, even where CMS policy specifically recognizes division of an RVU into professional and technical components, the Company will not be responsible for paying multiple providers or multiple billings for the professional

component, nor will the Company be responsible for paying multiple providers or multiple billings for the technical component. Benefits under this Policy will be limited in such circumstances to one global payment (Allowance) for the professional component and one global payment (Allowance) for the technical component.

## 5.2 Covered Person's Financial Obligations for Allowable Charges Under the Plan.

1. **Deductible.** Each Policy Term, before the Plan makes a Coinsurance payment, a Covered Person must pay the cost of Covered Services equal to the Individual Policy Deductible specified in the Schedule of Benefits. If the Plan provides family coverage and the Schedule of Benefits specifies a dollar amount for the Family Policy Deductible, all family members will accumulate Allowable Charges equal to the dollar amount specified for the Family Policy Deductible, however no single family member may accrue more Allowable Charges than specified in the Individual Policy Deductible. Once the family members accumulate Allowable Charges equal to the dollar amount specified for Family Policy Deductible, no further Deductible will be required for the balance of the Policy Term, regardless of what member of the family incurs a claim.

No Deductible is applicable to those services and supplies, which are subject to the Primary Care Physician copayment amount listed in the Schedule of Benefits.

2. **Coinsurance.** Once the Deductible is satisfied, a Covered Person is responsible for Coinsurance, which is a percentage of Allowable Charges paid, for claims incurred until the Covered Person's payment equals the Policy Coinsurance Maximum specified in the Schedule of Benefits. After the Policy Coinsurance Maximum is satisfied, subject to the provisions of Subsections 5.2.2.b and 5.2.2.c. of this Policy, the Covered Person will have no further responsibility with respect to Allowable Charges incurred during the balance of the Policy Term for Covered Services received from a **Preferred Provider**.

### a. **Determination of Policy Coinsurance Maximum.**

- i. A Covered Person with individual coverage, must incur Allowable Charges for Covered Services from Preferred Providers equal to or exceeding the In-Network Individual Policy Coinsurance Maximum specified in the Schedule of Benefits.
- ii. If the Plan provides family coverage (coverage other than individual coverage), all the Covered Persons in the family will meet the Family Policy Coinsurance Maximum once one member of the family incurs Allowable Charges for Covered Services from Preferred Providers that equal or exceed the Individual Policy Coinsurance Maximum specified in the Schedule of Benefits and one or more of the remaining family members incur Allowable Charges that results in the family total Allowable Charges equal to or exceeding the Family Policy Coinsurance Maximum specified in the Schedule of Benefits.
- iii. Once a Covered Person has satisfied the Policy Coinsurance Maximum as specified in subsections 5.2.a.i. or ii. above, the Out-of-Network Coinsurance becomes twenty percent (20%), rather than the percentage set forth in the Schedule of Benefits.

- b. **Allowable Charges Not Applicable to Policy Coinsurance Maximum.** No Allowable Charges paid for services or supplies from Non-Preferred Providers shall accumulate to or be impacted by the satisfaction of the In-Network Policy Coinsurance Maximum, unless the Company determines that the Non-Preferred Provider should be treated as a Preferred Provider in accordance with one of the provisions listed in Subsection 5.1.3. No Allowable Charges paid for Psychiatric Conditions and Substance Abuse services shall accumulate to or be impacted by the satisfaction of the In-Network Policy Coinsurance Maximum.

- c. **Allowable Charges Not Impacted by the satisfaction of a Policy Coinsurance Maximum.** Allowable Charges incurred for treatment of physical and occupational therapy, Ambulance Services, skilled nursing facility service and home health services may be included in the accumulation of Allowable Charges for the purpose of meeting the Policy Coinsurance Maximum, but payment for such services shall be limited both

to the maximum amounts payable and the Coinsurance percentages set forth in Subsections 3.7.3, 3.15 and 3.16, respectively of this Policy.

### 5.3 Other Plans and Benefit Programs.

1. **Coordination of Benefits.** Coordination of Benefits (COB) applies when a Covered Person has coverage under more than one Health Benefit Plan. The Company may annually request that a Covered Person verify the existence of other coverage.

a. **Definitions.** For purposes of this Subsection 5.3 only, the following words and phrases shall have the following meanings:

i. "Allowable Expenses" means any necessary, reasonable and customary item of expense at least a portion of which is covered under at least one of the Health Benefit Plans covering the person for whom claim is made. When a Health Benefit Plan provides benefits in the form of coverage for services, the reasonable cash value of each service rendered shall be deemed to be both an Allowable Expense and a benefit paid.

ii. "Health Benefit Plan" means any of the following which provide coverage for medical care or treatment:

(1) Coverage under government programs, including Medicare, required or provided by any statute unless coordination of benefits with any such program is forbidden by law.

(2) Group coverage or any other arrangement of coverage for individuals in a group whether on an insured or uninsured basis, including health maintenance organization or other form of group coverage; hospital indemnity benefits in excess of \$200 per day; medical care components of group long-term care contracts; and medical benefits under group or individual automobile contracts.

(3) An individually underwritten accident and health insurance policy which reduces benefits because of the existence of other insurance.

The term "Health Benefit Plan" shall be construed separately with respect to:

(1) Each Policy, contract or other arrangement for benefits or services.

(2) That portion of any such Policy, contract or other arrangement which reserves the right to take the benefits of other Health Benefit Plans into consideration in determining its benefits and that portion which does not.

b. The Company shall have the right to coordinate benefits between this Plan and any other Health Benefit Plan covering a Covered Person.

The rules establishing the order of benefit determination between this Policy and any other Health Benefit Plan covering the Covered Person on whose behalf a claim is made are as follows:

i. The benefits of a Health Benefit Plan which does not have a "coordination of benefits with other health plans" provision shall in all cases be determined and applied to claims before the benefits of this Policy.

ii. If according to the rules set forth in Subsection c. of this Section, the benefits of another Health Benefit Plan that contains a provision coordinating its benefits with this Plan would be determined and applied, before the benefits of this Plan have been determined and applied, the benefits of such other Health Benefit Plan will be considered before the determination of benefits under this Plan.

iii. Under no circumstances shall benefits payable and paid under this Plan together with any other Health Benefit Plans exceed the total charge for services a Covered Person received.

c. **Order of Benefit Determination:** The order of benefit determination as to a Covered Person's claim shall be as follows:

i. **Non-Dependent or Dependent.** The benefits of a plan which covers the person on whose expenses a claim is based other than as a dependent shall

be determined and applied before the benefits of a plan which covers such person as a dependent. (By way of example only, if one Plan [Plan A] covers a person as a Policyholder or an employee and the other plan covers the person as a dependent of a Policyholder or of an employee [Plan B], then Plan A is deemed "primary" and Plan A's benefits will be applied and paid before any consideration of Plan B.)

- ii. **Child Covered Under More Than One Plan.** When the parents of a dependent child are married, the benefits of a plan which covers the person on whose expenses a claim is based as a dependent child of a person whose date of birth, excluding year of birth, occurs earlier in a calendar year, shall be determined before the benefits of a plan which covers such person as a dependent child of a person whose date of birth, excluding year of birth, occurs later in a calendar year. If the other plan does not have the provisions of this paragraph regarding coverage of dependent children of married parents, or if both parents have the same birthday, the plan that has covered either of the parents longer is primary.

The following rules apply to determine the order of benefit determination for a dependent child of parents who are separated or divorced:

- (1) When the parents are separated or divorced and there is a court decree which fixes financial responsibility on one of the parents for the medical, dental, or other health care expenses with respect to the child, the benefits of a plan which covers the child as a dependent of the parent with such financial responsibility shall be determined before the benefits of any other plan which covers the child as a dependent child.
  - (2) When the parents are separated or divorced and the parent with custody of the child has not remarried, if there is no court decree fixing financial responsibility on one of the parents for the medical, dental or other health care expense with respect to the child, the benefits of a plan which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a plan which covers the child as a dependent of the parent without custody.
  - (3) When the parents are divorced and the parent with custody of the child has remarried, if there is no court decree fixing financial responsibility on one parent for the medical, dental or other health care expense with respect to the child, the benefits of a plan which covers the child as a dependent of the parent with custody shall be determined before the benefits of a plan which covers that child as a dependent of the step-parent, and the benefits of a plan which covers that child as a dependent of the step-parent will be determined before the benefits of a plan which covers that child as a dependent of the parent without custody.
- iii. **Active or Inactive Employee.** When paragraphs (i) or (ii) above do not apply so as to establish an order of benefits determination, the plan that covers a person as an employee who is neither laid off nor retired, is primary. The same would hold true if a person is a dependent of a person covered as a retiree and an employee. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. Coverage provided to an individual as a retired worker and as a dependent of an actively working spouse will be determined under the rule set out in paragraph (i) above.
  - iv. **Continuation coverage.** When paragraphs (i), (ii) or (iii) above do not apply so as to establish an order of benefits determination, if a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another plan, the plan covering the person as an

employee, member, subscriber policyholder or retiree (or as that person's dependent) is primary, and the continuation coverage is secondary. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.

- v. **Longer or Shorter Length of Coverage.** When paragraphs (i), (ii), (iii) or (iv) above do not apply so as to establish an order of benefits determination, the plan that covered the person as an employee, policyholder, member, subscriber or retiree longer is primary.
- vi. If the preceding rules do not determine the primary plan, the allowable expenses shall be shared equally between the plans meeting the definition of health benefit plan, Subsection 5.3.1.a.(ii). In addition, this plan will not pay more than it would have paid had it been primary.

2. **Medicare, Military or Government Benefits.** If you are a Medicare beneficiary, your Medicare benefits will be considered primary to this Policy. In other words, because Medicare is primary, when you submit a claim, the Company will subtract the amount of Medicare benefits you receive in determining the benefits due under this Policy. Services and benefits for treatment of military service-connected disabilities to which a Covered Person is legally entitled from a military or government benefit plan shall in all cases be provided before the benefits of this Policy.

3. **Workers' Compensation.** There are no benefits under this Policy for treatment of any injury which will sustain a claim for damages from Workers' Compensation. This regardless of whether or not the Covered Person filed a claim for workers' compensation benefits.

The Company will presume that if the Covered Person makes a claim for worker's compensation benefits, the injury for which the Covered Person makes any such claim is an injury which will sustain a claim for damages under the Workers' Compensation Law. Therefore, the Company will not be liable for payment of any benefits as to such a claim, unless the full Workers' Compensation Commission finds that the Covered Person's injury was not a compensable injury; and, the finding is not overturned on appeal. The foregoing presumption of non-coverage under this Policy also applies to any case in which the Covered Person's workers' compensation benefits claim is settled by joint petition or otherwise. In this case, no benefits will be paid under this Policy with respect to such a claim, regardless of the settlement amount.

Nor will the Company pay benefits for injury or illness for which the Covered Person receives any benefits under the Workers' Compensation Law, state or federal workers' compensation, employer's liability or occupational disease law, or motor vehicle no-fault law, regardless of any limitations in scope or coverage amount which may apply to the Covered Person's benefits claim under such laws.

In the event that the Company pays any claim by the Covered Person for benefits under this Policy, and subsequently learns that the Covered Person has filed a claim for workers' compensation benefits as to such claim, or that the Covered Person has settled a workers' compensation claim with any workers' compensation carrier, or has otherwise received any amount toward payment of such a claim under the Workers' Compensation Law, state or federal workers' compensation, employer's liability or occupational disease law, or motor vehicle no-fault law, the Covered Person agrees to reimburse the Company to the full extent of its payments on such claim.

4. **Acts of Third Parties (Subrogation/Reimbursement).** If a Covered Person is injured by a third party, the Company is subrogated to all rights the Covered Person may have against any party liable for payment of medical treatment (including any and all insurance carriers) to the extent of payment for the services or benefits provided. The Covered Person must cooperate fully with the Company in its efforts to collect from the third party. See Subsection 5.3.5. The Company may assert its subrogation rights independently of the Covered Person. In addition to the above-referenced subrogation rights, the Company also has reimbursement rights should the Covered Person, or the legal representative, estate or heirs of the Covered Person recover damages by settlement, verdict or otherwise, for an accident, injury or illness. If a recovery is made, the Covered Person shall promptly reimburse the Plan any monetary recovery made by the Covered Person and includes, but is not limited to, uninsured and

underinsured motorist coverage, any no-fault insurance, medical payments coverage, direct recoveries from liable parties, or any other source.

5. **Covered Person's Cooperation.** Each Covered Person shall complete and submit to the Company such consents, releases, assignments and other documents as may be requested by the Company in order to obtain or assure reimbursement from other health benefit plan(s), from Medicare, from Workers' Compensation, or through subrogation. Any Covered Person who fails to so cooperate will be liable for and agrees to pay to the Company the amount of funds the Company had to expend as a result of such failure to cooperate, and the Company shall be entitled to withhold coverage of or offset future claim payments for benefits, services, payments or credits due under this Policy in order to collect the Covered Person's liability resulting from his or her failure to cooperate
6. **The Company's Right to Overpayments.** Whenever payments have been made by the Company in a total amount, at any time, in excess of 100% of the amount of payment necessary at that time to satisfy the intent of this Policy, the Company shall have the right to recover such payment, to the extent of such excess, from among one or more of the following as the Company shall determine: any person or persons to, or for, or with respect to whom, such payments were made; any insurance Company or companies; or any other organization or organizations to which such payments were made.

## 6.0 ELIGIBILITY STANDARDS

Even if a Health Intervention you receive would be covered under the other coverage standards of the Plan set out in this Policy, you must be eligible under the Policy and the Policy must be in force at the time you receive such Intervention in order to receive benefits. This Section sets out the standards for eligibility under the Plan, Subsection 6.1; and the provisions dealing with the term, renewability and termination of the Policy; Subsection 6.2.

- 6.1 **Eligibility for Coverage.** In order to be covered by the Policy, you must meet the eligibility requirements for the Policyholder or the Policyholder's Dependent.
  1. **Company Approval.** Except in limited circumstances, e.g. see Subsection 6.1.5.a. and b., the Company is not required to provide insurance coverage to an applicant for the Plan provided by this Policy. Eligibility of the Policyholder and any Dependents of the Policyholder is subject to approval by the Company. The Company shall apply its underwriting standards to the answers the Policyholder provides on the Application, applicable supplemental applications and medical examination(s) in determining approval of eligibility.
  2. **Dependent Coverage.** Eligible Dependents are the Policyholder's:
    - a. Spouse;
    - b. Child less than 26 years of age (if the individual exceeds the age of 26 during the coverage period, they are allowed to remain on the Policy);
    - c. unmarried Child who is incapable of self-support because of intellectual and developmental or physical disability, provided such Child is or was under the limiting age of dependency stated in section b. above, at the time of application for coverage in the Policy.

**NOTE:** Domestic partners are not eligible for coverage as Dependents under this Policy.

- 3. **Proof of Intellectual and Developmental Disability or Physical Disability.** In order for Dependent coverage to be provided due to intellectual and developmental disability or physical disability, proof of the Child's dependency and disability must be furnished to the Company prior to the Child's attainment of the applicable limiting age referenced in section b. above. Such proof must at least demonstrate that the Child is unable to obtain or continue a job or position in the course of commerce and that his or her parent(s) are providing 50% or more of his financial support (e.g. are declaring the Child as a dependent on their federal income tax return or providing a child's birth certificate.) Initial and subsequent evaluation for continued intellectual and developmental disability or physical disability and dependency may be required by the Company, at the Company's expense but not more frequently than once per year. A Policyholder who first becomes eligible under the Plan may enroll a disabled

Dependent Child provided the intellectual and developmental disability or physical disability commenced before the limiting age.

4. **Coverage in the Case of Late Enrollment.** If a Policyholder's Dependent does not make application for coverage in the Plan with the Policyholder, the Dependent cannot subsequently obtain coverage, except during a Special Enrollment Period.
5. **Coverage of New Dependents.** This Subsection 6.1.5 applies to coverage for Dependents a Policyholder acquires subsequent to the effective date of this Policy.
  - a. **Newborn Children.** Coverage for the Policyholder's newborn Child shall become effective as of the Child's date of birth if the Policyholder gives the Company notice by submitting an application or change form to the Company for the Child within 90 days of the Child's date of birth and the appropriate premium to cover the newborn Child from the date of birth is paid. If the Policyholder fails to give notice of the Child's birth within 90 days of the Child's date of birth, coverage of the newborn Child is subject to the Company's approval through the Company's underwriting standards and the provisions for Late Enrollment. See Subsection 6.1.4 above.
  - b. **Adopted Children.** Coverage for the Policyholder's adopted Child shall begin on the date of the filing of the petition for adoption, provided an application for the Child's coverage is submitted to the Company within 60 days after the filing of the petition and the appropriate premium is paid. If the Policyholder fails to give such notice, coverage of the Child is subject to the Company's approval through the Company's underwriting standards. See Subsection 6.1.1. The coverage shall begin from the moment of birth if the petition for adoption was filed and the application for coverage is submitted to the Company within 60 days of the Child's birth. If the Policyholder fails to give notice of the Child's birth within 60 days of the Child's date of birth, coverage of the newborn Child is subject to the Company's approval through the Company's underwriting standards and the provisions for Late Enrollment. See Subsection 6.1.4, above. Coverage of an adopted child shall terminate upon the dismissal or denial of the petition for adoption.
6. **Special Enrollment Period.** A Special Enrollment Period is a specified period of time during which time the Policyholder's Dependents may apply for coverage in the Plan, after initial coverage is obtained by the Policyholder and not be a Late Enrollee. A Special Enrollment Period occurs for a Policyholder's new dependent Child (i) after a Policyholder's Child is born, or (ii) after a Policyholder adopts a Child or has a Child placed with the Policyholder for adoption. Coverage shall be governed by the provisions of this Policy concerning addition of a newborn Child or an adopted Child, as applicable.
7. **Changes to the Policy.** In addition to the changes allowed under Subsection 6.1.5 above, changes to the Policy will be granted for the following circumstances:
  - a. Removal of Dependent; or
  - b. Demographic changes (i.e. name, address, contact information); or
  - c. Decrease in benefits; or
  - d. Change in ownership (applicable only due to death of Policyholder); or
  - e. Splitting the Policy (coverage will transfer to new Policy); or
  - f. Change in Policyholder (the current and new Policyholder must be listed on the Policy)

## 6.2 **Term, Renewal and Termination of the Policy.**

1. **Term.** This Policy shall be in effect until terminated by its terms. This Policy is a short-term, limited-duration health insurance policy that expires in less than twelve months after the Policy Effective Date; the Policy Term expires at 11:59 PM on the last day of the twelfth month. Upon expiration of the initial Term, the Policy may be renewed at the option of the Policyholder for two subsequent terms, which will allow the Policy to have a duration of no longer than 36 months in total.
2. **Death of Policyholder.** This Policy shall terminate upon the death of the Policyholder. In such event, the Company shall return all unearned premiums beyond the Policy Month in which the death occurred to your estate or other appropriate party. Contact Customer Service to set up a new Policy for family members currently covered on this Policy.

3. **Change of Residence.** If the Policyholder moves permanently to another state, this Policy shall terminate at the end of the period for which premiums have been paid.
  - a. A Policyholder moving to another state can obtain insurance coverage from the Blue Cross and Blue Shield Plan located in the new state of residence by requesting a transfer of coverage authorization from the Company. The rates and benefits of the Policy issued in the new state of residence may be substantially different.
  - b. To obtain a transfer of coverage authorization, contact our Customer Service, Attention Transfer Representative.
4. **Extension of Benefits.** If a Covered Person is hospitalized on the date this Policy terminates, the Covered Person may be eligible for an extension of benefits. This extension applies only to the condition for which the Covered Person is hospitalized and covers related Hospital and Physician services. Benefits may be extended until the earlier of the date the Covered Person reaches any applicable benefit maximum or the date following the Covered Person's discharge from the Hospital. However, under no circumstances will benefits be extended more than 60 (sixty) days from the original termination date of this Policy.
5. **Payment of Premiums.** Premium payment due dates are either the first day of the month or the fifteenth day of the month, depending upon the billing cycle established with your application for the Policy. Premium payment modes may be monthly, quarterly, semi-annually or annually depending on the mode selected at the time of application for this Policy. Premium payments are due in advance of the premium due date regardless of the premium payment mode selected, subject to the Grace Period provision below. "Pay," "Paid" or "Payment," when used herein reference to premium, premium due dates or the Grace Period shall mean that the full amount of all funds due are actually received by the Company at its principal offices in Little Rock, Arkansas. Placing a check into the U.S. mail or with any courier service shall not constitute payment under this Policy unless or until the check is actually received by the Company at its principal office. Nor shall any invalid or dishonored check constitute payment.
6. **Grace Period.** A grace period of thirty-one (31) days will be granted for the payment of premiums becoming payable after the first such payment, during which grace period the Policy shall continue in force. If premiums are not paid within thirty-one (31) days after they become due and payable this Policy shall terminate as of the date on which the premiums were due and payable.
7. **Reinstatement.** If any renewal premium is not paid within the grace period, a subsequent acceptance of premium by the Company or by any agent authorized by the Company to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the Policy; provided, however, that if the Company or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the Policy will be reinstated upon approval of such application by the Company or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless the Company has previously notified the Covered Person in writing of its disapproval of such application. The reinstated Policy shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than ten (10) days after such date. In all other respects, the Covered Person and Company shall have the same rights hereunder as they had under the Policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than sixty (60) days prior to the date of reinstatement.
8. **Termination of a Covered Person's Coverage For Cause.**
  - a. The Company may terminate coverage under this Policy upon thirty (30) days' written notice for:
    - i. intentional misrepresentation of material fact (subject to the provision entitled "Time Limit on Certain Defenses," Subsection 8.3,) or fraud in obtaining coverage; or
    - ii. intentional misrepresentation of material fact or fraud in the filing of a claim

for services, supplies, or in the use of services or facilities.

- b. For purposes of this termination for cause provision, intentional misrepresentation of material fact occurs if (i) information is withheld or if incorrect information is provided and (ii) the Company would not have issued this Policy, would have charged a higher premium, would have required the Policy to be amended, or would not have paid a claim in the manner it was paid had the Company known the facts concealed or misrepresented.
  - c. Termination for cause shall be effective upon the later of (i) thirty (30) days after a written notice of termination for cause is posted in the U.S. Mail, addressed to the Policyholder at his or her last known address as provided by Policyholder to Company; or (ii) the date stated in the termination notice letter to Policyholder.
  - d. A Covered Person may appeal a termination for cause action. Such an appeal must be submitted in writing, addressed to the Appeals Coordinator of Arkansas Blue Cross and Blue Shield, 601 S. Gaines Street, Little Rock, Arkansas 72203. In order for the appeal to be considered the Appeals Coordinator must receive the appeal prior to the later of (i) thirty (30) days after a written notice of termination for cause is posted in the U.S. Mail, addressed to the Policyholder at his or her last known address as provided by Policyholder to Company; or (ii) the termination effective date stated in the termination notice letter to Policyholder.
9. **Termination of Benefits.** Upon termination of this Policy all benefits, except for Health Interventions that incurred prior to termination, shall cease.

## 7.0 CLAIM PROCESSING AND APPEALS

In reviewing a claim for benefits, the Company will apply the terms, conditions, exclusions and limitations of the Plan set out in this Policy, including but not limited to the Primary Coverage Criteria, Section 2.0; the specific limitations of the Plan, Section 3.0; the specific plan exclusions, Section 4.0; the cost sharing and Provider network procedures of the Plan, Section 5.0; and the eligibility standards of the Plan, Section 6.0.

This Section 7 sets out the procedures you must follow in submitting a request for coverage, called a "claim for benefits" or a "claim," with your Plan, Subsection 7.1. The section also describes your rights to appeal if a claim for benefits is denied either in whole or in part, Subsections 7.2 and 7.3. Finally, this section sets out how you may have an Authorized Representative to represent you in submitting claims or appeals, Subsection 7.4.

### 7.1 Claim Processing.

1. **Claim for Benefits.** "Claim for benefits" means (1) a request for payment for a service, supply, drug, equipment or treatment covered by the Plan or (2) a request for Prior Approval for a service, supply, drug, test, equipment or treatment covered by the Plan where the Plan conditions receipt of payment for such service, supply, drug, equipment or treatment on approval in advance by the Company.
2. **Who May Submit a Claim.** A Covered Person, a Provider with an assignment of the claim that is approved by the Company or the Covered Person's Authorized Representative may submit a claim. See Subsection 7.4 below concerning the Authorized Representative.
3. **Classifications of Claims.** There are two general types of claims for benefits possible under the Plan. The type of claim involved affects the procedures for filing the claim and the timing of the benefit determination by the Company.
  - a. **Post-Service Claims.** The most common claim involves post-service benefit determination. Such a claim results when a Covered Person obtains a medical service, prescription drug, supply, test, equipment or other treatment and then, in accordance with the terms of the Plan, the Covered Person or the Covered Person's Authorized Representative submits a claim for benefits to the Company. Examples of post-service claims are claims involving Physician office visits, outpatient services, and most drugs obtained through a managed pharmacy benefit.  
You must submit written proof of any service, supply, drug, test, equipment or other treatment within 180 days after such service, supply, drug, test, equipment or treatment was received. In the case of a claim for inpatient services for multiple

consecutive days, the written proof must be submitted no later than 180 days following your date of discharge for that single admission.

Post-Service Claims may be submitted electronically in accordance with the Company's electronic claim filing procedures, or such claims may be mailed to Arkansas Blue Cross and Blue Shield Claims Division, Post Office Box 2181, Little Rock, Arkansas 72203.

If the Company is able to process your post-service claim without requesting additional information, it will notify you of its claim determination within 30 days of the Company's receipt of the claim. The Company will forward any payment resulting from the claim determination within 45 days (30 days if the claim is submitted electronically) of the Company's receipt of the claim.

If the Company requires information reasonably necessary to determine whether or to what extent benefits are covered under the Plan, as specified in Subsection 7.1.4. below, the Company will suspend the claim and request the needed information. If you or your treating Provider supplies the Company the required information within ninety (90) days of the claim suspension, the Company will notify you of its claim determination and will forward any payment resulting from the claim determination within 30 days of the Company's receipt of the required information. If the Company does not receive the required information within the 90-day period, 15 days later, the suspended claim becomes a denied claim, subject to appeal. See Subsection 7.2 Claim Appeals to the Plan.

- b. **Pre-Service Claims.** The terms of the Plan condition receipt of certain benefits on the Company giving approval in advance of the Covered Person obtaining a requested medical service, drug, supply, test or equipment that such medical service, drug, supply, test or equipment meets Primary Coverage Criteria. Examples of some Plan benefits in Section 3. requiring pre-service claims are claims for hospital services in connection with dental treatment, advanced diagnostic imaging services, surgically implantable osseointegrated hearing aids, hospice care, skilled nursing facility services, reconstructive surgery for craniofacial anomalies, certain Prescription Medications, most organ transplants, neurologic rehabilitation facility services and gastric pacemaker. **Please note Prior Approval does not guarantee payment or assure coverage, it means only that the information furnished to the Company in the pre-service claim indicates that the Health Intervention meets the Primary Coverage Criteria requirements set out in Subsection 2.2 and the Applications of the Primary Coverage Criteria set out in Subsections 2.4.1.b., e., or f. and is not subject to a Specific Plan Exclusion (see Section 4.0). All Health Interventions must still meet all other coverage terms, conditions and limitations, and coverage for these services may still be limited or denied, if, when the post-service claim for the services is received by us, investigation shows that a benefit exclusion or limitation applies because of a difference in the Health Intervention described in the pre-service claim and the actual Health Intervention, that the Covered Person ceased to be eligible for benefits on the date the services were provided, that coverage lapsed for non-payment of premium, that out-of-network limitations apply, or any other basis specified in this Policy.**

Pre-service claims for medical Health Interventions may be submitted to the Arkansas Blue Cross and Blue Shield by (1) calling the Customer Service telephone number found on the reverse side of your Arkansas Blue Cross ID Card, (2) sending an email to [PRESERVICEBENEFITINQUIRY@arkbluecross.com](mailto:PRESERVICEBENEFITINQUIRY@arkbluecross.com), (3) submitting the pre-service claim to Arkansas Blue Cross Medical Audit and Review Services, FAX (501) 378-6647, or (4) mailing the claim to Post Office Box 3688, Little Rock, Arkansas 72203. Pre-service claims for Prescription Medications should be submitted to Arkansas Blue Cross and Blue Shield Managed Pharmacy, FAX (501) 378-6980, or mailed to Post Office Box 2181, Little Rock, Arkansas 72203.

If the Company is able to process your pre-service claim without requesting additional information, it will notify you of its determination in a time appropriate for the medical

exigencies, but in no case later than 2 business days from the date it received the pre-service claim.

If the Company requires information reasonably necessary to determine whether the requested medical service, drug, supply, test or equipment meets the Primary Coverage Criteria under the Plan, the Company will suspend the claim and request the needed information. If you or your treating Provider supplies the Company the required information within ninety (90) days of the claim suspension, the Company will notify you of its claim determination within 2 business days after the Company receives such information. If the Company does not receive the required information within the 90-day period, 15 days later, the suspended claim will become a denied claim, subject to appeal. See Subsection 7.2. Claim Appeals to the Plan.

After you have received the Health Intervention that was the subject of an approved pre-service claim, you must submit a post-service claim in accordance with Subsection 7.1.3.a., above.

- c. **Provider Initiated Pre-Service Claims.** A Provider treating a Covered Person may initiate a pre-service claim to obtain Prior Approval for a medical service, drug, supply, test, or equipment covered by the Plan when the Plan does not condition receipt of such medical service, drug, supply, test, or equipment on Prior Approval. Pre-service claims should be submitted to the Arkansas Blue Cross and Blue Shield Medical Audit and Review Services, FAX (501) 378-6647 or mailed to Post Office Box 3688, Little Rock, Arkansas 72203. Pre-service claims for Prescription Medications should be submitted to Arkansas Blue Cross and Blue Shield Managed Pharmacy, FAX (501) 378-6980, or mailed to Post Office Box 2181, Little Rock, Arkansas 72203.

If the Company is able to process the Provider initiated pre-service claim without requesting additional information, the Company will notify the treating Provider of its determination within 10 days from the date it received the pre-service claim.

If the Company requires information reasonably necessary to determine whether the requested medical service, drug, supply, test or equipment meets the Primary Coverage Criteria under the Plan, the Company will suspend the claim and request the needed information. If the treating Provider supplies the Company the required information within ninety (90) days of the claim suspension, the Company will notify the treating Provider of its claim determination within 10 days after the Company receives such information. If the Company does not receive the required information within the 90-day period, 15 days later, the suspended claim will become a denied claim, subject to appeal. See Subsection 7.2. Claim Appeals to the Plan.

After the Provider has performed the health intervention the Health Intervention that was the subject of an approved Provider initiated pre-service claim, the treating Provider must submit a post-service claim in accordance with Subsection 7.1.3.a., above.

- d. **Claims Involving Urgent Care.** A claim involving urgent care must be a pre-service claim (See Subsection 7.1.3.b., above) for which a health care professional with knowledge of the claimant's condition certifies that the processing of the claim in the time period for making a non-urgent pre-service claim determination (1) could seriously jeopardize the life or health of the claimant or the ability of the claimant to maintain or regain maximum function, or (2) would subject the claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

A claim involving urgent care must be submitted in writing, via mail, facsimile or e-mail, in a format authorized by the Company's claim filing procedures. **A claim involving urgent care must include the medical records pertinent to the urgent condition.**

If the Company is able to process your claim involving urgent care without requesting additional information, it will notify you of its determination in a time appropriate for the medical exigencies, but in no case later than 1 business day from the date it received the pre-service claim.

If the Company requires information reasonably necessary to determine whether the

requested medical service, drug, supply, test or equipment meets the Primary Coverage Criteria under the Plan, the Company will notify your physician within 24 hours of receiving the claim and request the needed information. If you or your treating Provider supplies the Company the required information within 48 hours, the Company will notify you of its claim determination within 1 business day after the Company receives such information. If the Company does not receive the required information within the 48-hour period, the claim will be denied, subject to appeal. See Subsection 7.2 Claim Appeals to the Plan.

If the urgent care claim is a request to extend previously approved benefit for ongoing treatment, the Company shall make a determination within 24 hours after receipt of the claim, provided the claim is received at least 24 hours prior to the expiration of the previously approved benefit.

**Please note that approval of a claim involving urgent care does not guarantee payment or assure coverage; it means only that the information furnished to the Company at the time indicates that the Health Intervention that is the subject of the claim involving urgent care meets the Primary Coverage Criteria and is not subject to a Specific Plan Exclusion (see Section 4.0). A Health Intervention receiving Prior Approval as a claim involving urgent care, must still meet all other coverage terms, conditions and limitations. Coverage for any such claim may still be limited or denied if, when the claimed Intervention is completed and the Company receives the post-service claim(s), investigation shows that a benefit exclusion or limitation applies because of a difference in the Health Intervention described in the prior approved claim and the actual Health Intervention, that the Covered Person ceased to be eligible for benefits on the date services were provided, that coverage lapsed for non-payment of premium, that out-of-network limitations apply, or any other basis specified in this Evidence of Coverage applies to limit or exclude the claim.**

After you have received the Health Intervention that was the subject of a claim involving urgent care, you must submit a post-service claim in accordance with Subsection 7.1.3.a., above.

- e. **Claims involving Ongoing Care or Concurrent Review.** The Company's termination or reduction of a previously granted benefit under the Plan (other than by Plan amendment or termination) results in a claim involving ongoing care or concurrent review. The Company shall give an explanation of the reduction or termination of a benefit to the Covered Person, as specified in Subsection 7.1.6, with sufficient time prior to the termination or reduction to allow for an appeal under Subsection 7.2.7.d., to be completed before the termination or reduction takes place.

4. **Information Reasonably Necessary to Process a Claim.**

- a. In order to be a claim, the submission must comply with the filing and coding policies and procedures established by the Company. You may request a copy of the claim coding policies and procedures from the Company or from your Provider. If the submission fails to comply with the claim filing or code policies or procedures, the Company shall return the submission to the person that submitted it.
- b. In addition to the claim completed in accordance with the Company's claim filing procedures, depending upon the service, supply, drug, equipment or treatment that is the subject of the claim, the Company may require one or more of the following items of information to enable the Company to determine whether or to what extent the claimed benefit is covered by the Plan:
  - i. Information in order to determine if a limitation or exclusion of the Plan is applicable to the claim, or
  - ii. Medical information in order to determine the price for a medical procedure, or
  - iii. Information in order to determine if the Covered Person who received the claimed services is eligible under the terms of the Plan, or
  - iv. Information in order to determine if the claim is covered by another health

- benefit plan, workers' compensation, a government supported program, or a liable third party, or
- v. Information in order to determine the obligation of each health benefit plan or government program under coordination of benefits rules, or
  - vi. Information in order to determine if there has been fraud or a fraudulent or material misrepresentation with respect to the claim.
5. **Covered Person's Responsibility with Respect to Claim Information.** Before any benefits can be paid, you agree, as a condition of coverage under the Plan, to authorize and direct any Provider of medical services or supplies to furnish to the Company, its agents, or any of its affiliates, upon request, all records, or copies thereof, relating to such services or supplies. Further, as a condition of your coverage, you agree to authorize the release of such records to any third party review person or entity, for purposes of medical review or second opinion surgery. Finally, as a condition of coverage, you agree to fully and truthfully respond to inquiries from the Company about your claim or condition, including, but not limited to, your other insurance coverage, third party liability, or workers' compensation benefits and to request that any Physician or other Provider respond to all such inquiries. You understand and agree that your failure to respond to inquiries from the Company or failure to cooperate fully to obtain information requested by the Company from your Physician or other health care Provider shall be, by itself, grounds for denial of benefits under the Plan.
6. **Explanation of Benefit Determination.** Upon making a determination of a claim, the Company will deliver to you the following information:
- a. The specific reason or reasons for the determination with information sufficient to identify the claim involved (including the date of service, the health care provider, the claim amount and a way that the Covered Person may learn the diagnosis and treatment codes and their descriptions);
  - b. Reference to the specific plan provision(s) on which the determination is based;
  - c. A description of any additional information necessary for the claim to be perfected and an explanation of why such information is necessary;
  - d. A description of the Plan's appeal process, see Subsection 7.2 below;
  - e. If the determination was based in whole or in part on a Company Coverage Policy an explanation of how to obtain a copy of the Coverage Policy at no cost. See Subsection 2.4.1.f.
7. **Informal Claim Review.** If you have questions about an Explanation of Benefit Determination, you may contact Customer Service (Telephone (501) 378-2072 or toll free (800) 421-1112, or write Arkansas Blue Cross and Blue Shield, Customer Service, Post Office Box 2181, Little Rock, Arkansas 72203) and ask that the determination be reviewed. Customer Service will respond in like manner with answers to your request. This informal review is not an Appeal (see Subsection 7.2 below) nor a substitute for an appeal. Nor must you ask for an informal review in order to request an appeal.
8. **Informal Coverage Information.** From time to time you or your Provider may want an indication whether a service, supply, prescription drug, equipment, or treatment is an eligible benefit of the Plan. You may make an Informal Coverage Information to Arkansas Blue Cross and Blue Shield Customer Service Division, Post Office Box 2181 Little Rock, Arkansas 72203, or by Telephone toll free (800) 800-4298.
- a. An Informal Coverage Information is not a claim. You should understand that an Informal Coverage Information is different from a pre-service claim. In the case of an Informal Coverage Information the Plan does not specify that receipt of the benefit in question is conditioned upon Prior Approval of the Company (see Subsection 7.1.3.b., Pre-Service Claims, above).
  - b. **The Company's response to an Informal Coverage Information is not a guarantee of payment. The Company's ultimate determination of a claim will be based upon the relevant facts as applied to the terms, conditions, limitations and exclusions of the Plan.** An Informal Coverage Information is not a claim. The Company's response to an Informal Coverage Information is not a claim determination. The Company's response is based upon the information available to

the Company at the time of the inquiry and such information may not be current or accurate. The Company reserves the right to make a final determination of the post-service claim resulting from a Health Intervention that may have been the subject of an Informal Coverage Information after the intervention has been completed and all relevant facts are known.

- c. An Informal Coverage Information is not subject to appeal.
- d. A Provider wanting to know whether a service, supply, prescription drug, equipment, or treatment meets the Primary Coverage Criteria and all other requirements for payment under the Plan should submit a Provider Initiated Pre-Service Claim. (See Subsection 7.1.3.c.).

9. **Covered Person's Responsibility with Respect to Erroneous Claim Payments.** Despite our best efforts, we may make a claim payment which is not for a benefit provided under the Plan, or we may make payment to you when payment should have gone directly to the Provider of treatment or services instead. In the event of an erroneous or mistaken payment, you agree to refund the full amount of such payment to us promptly upon our request. If the Company does not receive the full amount of the refund due, the Company will have the right to offset future payments made to you or your Provider under this Policy or under any other Policy you have with the Company now or in the future.

10. **Out of Area Services.**

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access healthcare services outside the geographic area we serve, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below. When you receive care outside of our service area, you will receive it from one of two kinds of providers. Most providers ("participating providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some providers ("nonparticipating providers") don't contract with the Host Blue. We explain below how we pay both kinds of providers.

a. **BlueCard® Program**

- i. Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, we will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating providers. When you receive Covered Services outside our service area and the claim is processed through the BlueCard Program, the amount you pay for Covered Services is calculated based on the lower of:
  - The billed charges for Covered Services; or
  - The negotiated price that the Host Blue makes available to us.
- ii. Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.
- iii. Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we have used for your claim because they will not be applied after a claim has already been paid.

b. **Special Cases: Value-Based Programs**

- i. *BlueCard® Program.* If you receive Covered Services under a Value-Based Program inside a Host Blue's service area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator

Fees that are a part of such an arrangement, except when a Host Blue passes these fees to us through average pricing or fee schedule adjustments.

- ii. *Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements.* If we have entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs on your behalf, we will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

- c. **Blue Cross Blue Shield Global Core.** If you are outside the United States (hereinafter "BlueCard service area"), you may be able to take advantage of Blue Cross Blue Shield Global Core when accessing Covered Services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although Blue Cross Blue Shield Global Core assists you with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the BlueCard service area, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services. If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the service center at 1-(800)-810-BLUE (2583) or call collect at 1-(804)-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

- i. **Inpatient Services.** In most cases, if you contact the service center for assistance, hospitals will not require you to pay for covered inpatient services, except for your cost-share amounts/deductibles, coinsurance, etc. In such cases, the hospital will submit your claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for Covered Services. **You must contact us to obtain precertification for non-emergency inpatient services.**

- ii. **Outpatient Services.** Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for Covered Services.

- iii. **Submitting a Blue Cross Blue Shield Global Core Claim.** When you pay for Covered Services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core claim form and send the claim form with the provider's itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from us, the service center or online at [www.bcbsglobalcore.com](http://www.bcbsglobalcore.com). If you need assistance with your claim submission, you should call the service center at 1-(800)-810-BLUE (2583) or call collect at 1-(804)-673-1177, 24 hours a day, seven days a week.

- 11. **Insurance Department.** Arkansas Blue Cross and Blue Shield is an insurance company regulated by the Arkansas Insurance Department. You have the right to file a complaint with the Arkansas Insurance Department (AID). You may call AID to request a complaint form at (800) 852-5494 or (501) 371-2640 or write the Department at: 1 Commerce Way, Suite 102, Little Rock, Arkansas 72202.

## 7.2 Claim Appeals to the Plan (Internal Review).

- 1. **Legal Actions.** No Court suit shall be brought to recover on this Policy before sixty (60) days after a claim has been submitted in accordance with the terms of this Policy. No legal action shall be brought after the expiration of three (3) years from the time that a claim is required to be submitted.
- 2. **Who May Request a Review.** A Covered Person or the Covered Person's Authorized Representative may file an appeal to request a review of a claim denial. See Subsection 7.4

- concerning the Authorized Representative.
3. **Where and When (Deadline) to Submit an Appeal.** If a claim for benefits is denied either in whole or in part, you will receive a notice explaining the reason or reasons for the denial. See Subsection 7.1.6, above. You may request a review of a denial of benefits for any claim or portion of a claim by sending a request marked "Internal Review Request" to the Appeals Coordinator of Arkansas Blue Cross and Blue Shield, 601 S. Gaines Street, Little Rock, Arkansas 72203. Your request must be made within one hundred eighty (180) days after you have been notified of the denial of benefits.
  4. **Appeals Subject to Direct External Review.** The Company may waive internal review of any claim determination. If the Company waives internal review, the Company shall defer the claim for external review in accordance with Section 7.3 below.
  5. **Documentation.**
    - a. **Written Appeals.** You must submit your appeal in writing.
    - b. **Appellant's Right to Information.** The Company shall provide you free of charge and sufficiently in advance of the date of the final internal adverse benefit determination to give you a reasonable opportunity to respond, reasonable access to, and copies of, all documents, records or other information that:
      - i. were relied upon in making the benefit determination;
      - ii. were submitted, considered, or generated in the course of making the benefit determination, without regard to whether such document, record or other information was relied upon in making the benefit determination;
      - iii. demonstrate compliance with the terms of the Plan; or
      - iv. constitute a statement of policy or guidance with respect to the Plan concerning the denied treatment option or benefit for the your diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.
    - c. **Appellant's Right to Submit Information.** You may submit with your request for review any additional written comments, issues, documents, records and other information relating to your claim.
    - d. **Appeals Coordinator Right to Information.** You and the treating health care professional are required to provide the Appeals Coordinator, upon request, access to information necessary to determine the appeal. Such information should be provided not later than five (5) days after the date on which the Appeals Coordinator's request for information is received. Your failure to provide access to such information shall not remove the obligation of the Appeals Coordinator to make a determination on the appeal, but the Appeals Coordinator's determination may be affected if such requested information is not provided.
  6. **Conduct of Review.**
    - a. **Scope of Review.** The Appeals Coordinator shall conduct a complete review of all information relating to the claim and shall not afford deference to the initial claim determination in conducting the review.
    - b. **Qualifications of Appeals Coordinator.** The Appeals Coordinator is an individual with appropriate expertise who is neither the individual who denied the claim that is the subject of the appeal, nor the subordinate of such individual.
  7. **Timing of Appeal Determination.**
    - a. **Post-Service Claim.** The Appeals Coordinator shall render a decision on an appeal related to a post-service claim within a reasonable period of time, but notification of the Appeals Coordinator's determination shall be provided to you not later than sixty (60) days after the Appeals Coordinator received the appeal.
    - b. **Pre-Service Claim.** The Appeals Coordinator shall render a decision and provide notification of the decision on an appeal related to a pre-service claim in accordance with the medical exigencies of the case and as soon as possible, but in no case later than 30 days after the date the Appeals Coordinator received the appeal.
    - c. **Claims Involving Urgent Care.** If you request an expedited review, and a health

care professional certifies that determination as a general pre-service claim would seriously jeopardize your life or health or your ability to regain maximum function, the Appeals Coordinator shall make a determination on review in accordance with the medical exigencies of the case and as soon as possible, but in no case later than 72 hours after the time the Appeals Coordinator receives the request for review. See Subsection 7.2.8., below.

- d. **Concurrent Care Determination.** The Appeals Coordinator shall administer an appeal involving concurrent care in accordance with Subsections 7.2.7.a., b., or c., depending upon whether the claim is a post-service claim, a pre-service claim or a claim involving urgent care.
8. **Notification of Determination of Appeal to Plan.** The Appeals Coordinator shall provide notice of the review determination in a printed form and written in a manner calculated to be understood by the claimant. The notice shall include:
- a. The specific reason or reasons for the review determination with information sufficient to identify the claim involved (including the date of service, the health care provider, the claim amount and a way that the Covered Person may learn the diagnosis and treatment codes and their descriptions);
  - b. reference to the specific plan provision(s) on which the review determination is based;
  - c. a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of all documents, records, and other information Relevant to the Claim for benefits;
  - d. a statement that any internal rule, guideline, protocol or other similar criterion relied upon by the Plan is available upon request and free of charge; and
  - e. a statement describing the voluntary external review procedures offered by the Plan.

### 7.3 Independent Medical Review of Claims (External Review).

1. **Claim Appeals Subject to External Review.**
  - a. **Waiver of Internal Review.** If we have waived internal review, your appeal shall be to external review in accordance with this Section 7.3.
  - b. **Application of Primary Coverage.** If your claim has not been the subject of a prior external review and if we have denied your claim in whole or in part because the intervention did not meet the Primary Coverage Criteria (other than under the conditions outlined in Subsections 2.4.1.a., b., c. or d.) or because of the application of a Coverage Policy, you may request an independent medical review by an Independent Review Organization in accordance with the provisions of this Subsection 7.3 provided:
    - i. The claim denial was upheld in whole or in part as a result of the Plan's internal review process, or
    - ii. You have not requested or agreed to a delay in the Plan's internal review process and the Appeals Coordinator has not given you notification of the determination involving a pre-service claim appeal within thirty (30) days following receipt of your appeal to the Plan; or
    - iii. You have not requested or agreed to a delay in the Plan's internal review process and the Appeals Coordinator has not given you notification of the determination involving a post-service claim appeal within sixty (60) days following receipt of your appeal to the Plan; or
    - iv. Your claim meets the requirements for expedited external review, (see Subsection 7.3.12) and you have simultaneously submitted an appeal to the Plan.
2. **Where and When to Submit External Review Appeal.** You may request external review by submitting a request for external review to the Arkansas Insurance Commissioner, 1 Commerce Way, Suite 102, Little Rock, Arkansas 72202 or by calling 1-800-282-9134. Your request must be made within four (4) months after you were notified that the claim denial was upheld in whole or in part as a result of the Plan's internal review process. If Subsection 7.3.1.b.ii. or 7.3.1.b.iii. apply, your request may be made at the end of the thirty (30) day

period or sixty (60) day period. If Subsection 7.3.1.b.iv. applies, you must file your request for external review at the same time you file your appeal to the Plan.

3. **Independent Review Organization and Independent Medical Reviewer**

- a. **The Arkansas Insurance Commissioner** shall determine if the claim is subject to external review, and if he so determines, assign an Independent Review Organization from the list of approved Independent Review Organizations compiled and maintained by the Commissioner.
- b. **The Independent Review Organization** is not affiliated with, owned by or controlled by the Company. The Company pays a reasonable fee to the Independent Review Organization to conduct the review, but such fee is not contingent upon the determination of the Independent Review Organization or Independent Medical Reviewer.
- c. **An Independent Medical Reviewer** is a physician that is licensed in one or more States to deliver health care services and typically treats the condition or illness that is the subject of the claim under review. The Independent Medical Reviewer is not an employee of the Company and does not provide services exclusively for the Company or for individuals holding insurance coverage with the Company. The Independent Medical Reviewer has no material financial, familial or professional relationship with the Company, with the Plan Administrator, with an officer or director of the Company or the Plan Administrator, with the claimant or the claimant's Authorized Representative, with the health care professional that provided the intervention involved in the denied claim; with the institution at which the intervention involved in the denied claim was provided; with the manufacturer of any drug or other device used in connection with the intervention involved in the denied claim; or with any other party having a substantial interest in the denied claim.

4. **Documentation**

- a. **Written Appeals.** You must submit your appeal in writing in a form and in a manner determined by the Arkansas Insurance Commissioner. You may submit with your request for review any additional written comments, issues, documents, records and other information relating to your claim.
- b. **Authorization to Release Information.** In filing your request for external review, you must include the following authorization: "I, [Covered Person's name], authorize Arkansas Blue Cross and Blue Shield and my healthcare Provider(s) to release all medical information or records pertinent to this claim to the Independent Review Organization that is designated by Arkansas Blue Cross. I further authorize such Independent Review Organization to release such medical information to any Independent Medical Reviewer(s) selected by the Independent Review Organization to conduct the review."

5. **Referral of Review Request to an Independent Review Organization.** Upon receipt of the documentation set out in Subsection 7.3.4, the Arkansas Insurance Commissioner shall immediately refer the request for external review, along with the Company's initial determination of the claim and the Appeals Coordinator's internal review determination (if applicable) to an Independent Review Organization.

6. **Independent Review Organization Right to Information.** You and your treating health care professional are required to provide the Independent Review Organization and the Independent Medical Reviewer(s), upon request, access to information necessary to determine the appeal. Access to such information shall be provided not later than seven (7) business days after the date on which the request for information is received.

7. **Rejection of Request for Review by the Independent Review Organization.** The Independent Review Organization shall reject a request for review and notify you, your Authorized Representative and the Appeals Coordinator in writing within five (5) business days (or within 72 hours for an Expedited Appeal) of its determination, if it determines that the appeal does meet the standards for an appeal for external review. See Subsections 7.3.1.

8. **Rejection of the Review for Failure to Submit Requested Information.** The Independent Review Organization may reject a request for review if:

- a. you have not provided the authorization for release of medical records or information pertinent to the claim required by Subsection 7.3.4.b; or
  - b. you or your health care professional have not provided information requested by the Independent Review Organization in accordance with Subsection 7.3.6.
9. **Independent Medical Review Determination.** If the Independent Review Organization does not reject the request for review in accordance with Subsections 7.3.7 or 7.3.8, it shall assign the request for review to an Independent Medical Reviewer. Such Independent Medical Reviewer shall make a determination after reviewing the documentation submitted by you, your health care professional and the Company. The Independent Medical Reviewer shall consider the terms of this Benefit Certificate to assure that the reviewer's decision is not contrary to the terms of the Plan. In making the determination the reviewer need not give deference to the determinations made by the Company or the recommendations of the treating health care professional (if any).
10. **Timing of Appeal Determination.**
  - a. **Standard Review.** The Independent Medical Reviewer shall complete a review on an appeal within a reasonable period of time, but in no case later than forty five (45) days after the Independent Review Organization received the appeal.
  - b. **Expedited Review.** If you request an expedited review, and a health care professional certifies that the time for a standard review would seriously jeopardize your life or health or your ability to regain maximum function, the Independent Medical Reviewer shall make a determination on review in accordance with the medical exigencies of the case and as soon as possible, but in no case later than 72 hours after the time the Independent Review Organization received the request for review.
11. **Notification of Determination of Independent Medical Review.**
  - a. **Recipients of Notice.** Upon receipt of the determination of the Independent Medical Reviewer, the Independent Review Organization shall provide written notification of the determination to you, your health care Provider, the Company and the Arkansas Insurance Commissioner.

    - iii. The date the external review was conducted;
    - iv. The date of the Independent Medical Reviewer's determination;
    - v. The principal reason(s) for the determination;
    - vi. The rationale for the determination; and
    - vii. References to the evidence or documentation, including practice guidelines, considered in the determination.
12. **Expedited External Review.**
  - a. **Requirement for Expedited Review.** You may submit a pre-service claim denial or a denial of a claim involving concurrent care for an expedited external review provided your health care professional certifies that the time to complete a standard review would seriously jeopardize your life or health or your ability to regain maximum function.
  - b. **Expedited External Review without prior Appeal to Plan (internal review).** You may request an expedited review at the same time you submit a request for an appeal to the Plan (internal review) if your health care professional certifies that the time to complete the Plan's expedited appeal process would seriously jeopardize your life or health or your ability to regain maximum function. If you make such a request, the Independent Review Organization may determine and notify you in accordance with Subsections 7.3.10.b and 7.3.11 whether you will be required to complete the internal review process.
  - c. **Same procedures as standard external review.** Unless otherwise specified, the

provisions of this Section 7.3 applicable to independent medical review of claims apply to expedited external review of claims.

13. **Other Rights under Plan.** Your decision to submit an appeal to external review will have no effect on your other rights and benefits under the Plan.
14. **Arkansas Insurance Commissioner.** You may contact the Arkansas Insurance Commissioner for assistance. The mailing address is Arkansas Insurance Department, Attention External Review Assistance, 1 Commerce Way, Suite 102, Little Rock, Arkansas 72202. 1. **One Authorized Representative.** A Covered Person may have one representative, and only one representative at a time, to assist in submitting a claim or appealing an unfavorable claim determination.
2. **Authority of Authorized Representative.** An Authorized Representative shall have the authority to represent the Covered Person in all matters concerning the Covered Person's claim or appeal of a claim determination. If the Covered Person has an Authorized Representative, references to "You" or "Covered Person" in this document refer to the Authorized Representative.
3. **Designation of Authorized Representative.** One of the following persons may act as a Covered Person's Authorized Representative:
  - a. An individual designated by the Covered Person in writing in a form approved by the Company;
  - b. The treating Provider, if the claim appeal qualifies for expedited review in accordance with Subsection 7.3.12, or if the Covered Person has designated the Provider in writing in a form approved by the Company;
  - c. A person holding the Covered Person's durable power of attorney;
  - d. If the Covered Person is incapacitated due to illness or injury, a person appointed as guardian to have care and custody of the Covered Person by a court of competent jurisdiction; or

4. **Communication with Authorized Representative.**
  - a. If the Authorized Representative represents the Covered Person because the Authorized Representative is the Covered Person's parent or legal guardian or attorney in fact under a durable power of attorney, the Company shall send all correspondence, notices and benefit determinations in connection with the Covered Person's claim to the Authorized Representative.
  - b. If the Authorized Representative represents the Covered Person in connection with the submission of a pre-service claim or in connection with an appeal, the Company shall send all correspondence, notices and benefit determinations in connection with the Covered Person's claim to the Authorized Representative.
  - c. If the Authorized Representative represents the Covered Person in connection with the submission of a post-service claim, the Company will send all correspondence, notices and benefit determinations in connection with the Covered Person's claim to the Covered Person, but the Company will provide copies of such correspondence to the Authorized Representative upon request.
5. **Term of the Authorized Representative.** The authority of an Authorized Representative shall continue until

- a. the claim(s) or appeal(s) for which the Authorized Representative was designated has been fully adjudicated; or
- b. the Covered Person is legally competent to represent himself or herself and notifies the Company that the Authorized Representative is no longer required.

## 8.0 OTHER PROVISIONS

The following information is important in the administration of the Plan.

### 8.1 Entire Contract.

1. This Policy, any amendments thereto, and the Application, Change Request Form and the Schedule of Benefits constitute the entire agreement between the parties. No part of this Policy shall be changed or waived in any way except by written amendment signed by the President of the Company and approved by the Arkansas Insurance Department. No Agent has the authority to change any of its terms.
2. You hereby expressly acknowledge your understanding that this Policy constitutes a contract solely between you and Arkansas Blue Cross and Blue Shield, that Arkansas Blue Cross and Blue Shield is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans, (the "Association") permitting Arkansas Blue Cross and Blue Shield to use the Blue Cross and Blue Shield Service Marks in the State of Arkansas, and that Arkansas Blue Cross and Blue Shield is not contracting as the agent of the Association. You further acknowledge and agree that you have not entered into this Contract based upon representations by any person other than Arkansas Blue Cross and Blue Shield and that no person, entity, or organization other than Arkansas Blue Cross and Blue Shield shall be held accountable or liable to you for any of the obligations created under this Policy.

8.2 **Assignment of Benefits.** No assignment of benefits under this Policy shall be valid until approved and accepted by the Company. The Company reserves the right to make payment of benefits, in its sole discretion, directly to the Provider of service or to you.

### 8.3 Time Limit on Certain Defenses.

1. Except for fraudulent misstatements made by you in the application for this Policy, no misstatement shall be used to void any of the terms of the Policy after three (3) years.
2. Except for a disease or condition excluded in this Policy by name or description, after this Policy has been in force for twelve (12) months, no claim shall be reduced or denied on the ground that a disease or condition had existed prior to the effective date of this Policy.

8.4 **Cost of Company Required Physical Examinations.** The Company will pay an applicant's or Covered Person's expenses for any physical examination required by the Company in administering applications for coverage or claim determinations under this Policy.

8.5 **Right of Rescission.** Subject to the provision entitled "Time Limit on Certain Defenses," Subsection 8.3, the Policyholder's act of fraud or intentional misrepresentation of material fact may be used by the Company as the basis for rescinding this Policy.

8.6 **Premium Refunds.** Premium refunds are only available under this Policy when:

1. You have provided a written notice to Arkansas Blue Cross and Blue Shield that you want your coverage cancelled on a particular premium due date and this document is received by Arkansas Blue Cross and Blue Shield in advance of the premium due date on which you want your coverage cancelled. Premiums will only be refunded for any period beyond the end of the Policy Month in which the notice was received; or
2. Upon a Covered Person's death, premiums will be refunded for any period beyond the end of the Policy Month in which the death occurred.

8.7 **Claim Recoveries.** There may be circumstances in which the Company recovers amounts paid as claims expense from a Provider of services, from a Covered Person or from a third party. Such circumstances include rebates paid to the Company by pharmaceutical manufacturers based upon amounts of claims paid by the Company for certain specified pharmaceuticals, amounts recovered by the Company from health care Providers or pharmaceutical manufacturers through certain legal actions instituted by the Company relating to the claims expense of more than one Covered Person,

recoveries by the Company of overpayments made to health care Providers or to Covered Persons, and recoveries from other parties with whom the Company contracts or otherwise relies upon for payment or pricing of claims. The following rules govern the Company's actions with respect to such recoveries:

1. In the event that such a recovery relates to a claim paid more than two years before the recovery, no adjustment will be made to any Deductible or Coinsurance paid by a Covered Person and the Company shall be entitled to retain such recoveries for its own use. If the recovery relates to a claim paid within two years and is not otherwise addressed in this subsection, Deductibles and Coinsurance amounts for a Covered Person will be adjusted if affected by the recovery.
2. Only recoveries made within two years of the date of the error by the Company or overpayments to health care Providers or to Covered Persons by the Company will be applied for the purpose of group rating or divisible surplus calculation, if applicable. The cost actually paid by the Company to procure such recoveries will be treated as an administrative expense in considering group rating or divisible surplus, if applicable.
3. In the event the Company receives from pharmaceutical manufacturers rebates based upon amounts of claims paid for certain specified pharmaceuticals, the Company shall be entitled to retain such rebates for its own use, and no adjustments will be made to claims paid or to Deductibles or Coinsurance amounts paid by a Covered Person.
4. If a Covered Person is no longer covered by the Company at the time of any such recovery, regardless of the amount or of the time of such recovery, the Company shall be entitled to retain such recovery for its own use.
5. If such recovery amounts can not be attributed on an individual basis, because of having been paid as a lump sum settlement for less than the total amount of claims expense of the Company or otherwise, no adjustments will be made to any Deductible or Coinsurance amounts paid by the Covered Person and the Company shall be entitled to retain such recovery for its own use.

#### 8.8 **Notice of Provider/Physician Incentives That Could Affect Your Access to Healthcare**

1. **General Description and Purpose of Incentive Programs:** The Company contracts with physicians and other types of health care providers who agree to perform services for Arkansas Blue Cross and Blue Shield Covered Persons, often at a discount from their usual charges. In contracting with providers, including physicians, the Company sometimes offers financial incentives to encourage providers to practice medicine in a cost-effective manner, and to improve the quality of health care services. These incentive arrangements sometimes offered by the Company may take a variety of forms but the main goals of the incentive arrangements are designed to do one or both of two things: (1) give the provider (including physicians) a financial incentive to control the overall cost of treatment; and (2) give the provider (including physicians) a financial incentive to pay increased attention to well-established quality standards and thereby hopefully improve the overall quality of care being provided. The financial incentives sometimes offered by the Company to providers (including physicians) sometimes involve a financial reward if specified goals are met; at other times, the financial incentives may include a financial penalty if the provider (including physicians) fails to achieve specified goals. In other cases, the financial incentive program that the Company offers to providers (including physicians) may include both the opportunity for financial rewards, as well as the possibility of financial penalties, depending on how the provider performs.
2. **Specific Types of Incentive Programs Offered:** The financial incentives offered by the Company to providers (including physicians) may change significantly over time and on short notice due to provider preferences or larger changes taking place in the health care field; however, the following describes a number of financial incentive programs that are either currently being offered by the Company, or may be offered in the future:
  - a. **Capitation:** This is a system of provider (including physician) payment in which the Company agrees to pay the provider a per-member-per-month fee as total compensation for all of the care received by each Covered Person from the contracting provider during the month. Sometimes, capitation involves a "withhold" feature in which a portion of the capitation payment is withheld until the provider's

overall cost performance is determined at the end of a defined settlement period. In such instances, if the provider's overall cost of care for Covered Persons is lower than a pre-determined target budget, the provider is then paid an additional amount from the withhold fund; conversely, in some instances, if the provider's overall cost of care for Covered Persons is higher than a pre-determined target budget, the provider may forfeit some or all of the withhold fund.

- b. Episodes of Care: This is a system of provider (including physician) payment in which the Company and the provider agree on a pre-determined set of cost and quality measurements that will apply to a specific type of health care episode, such as, for example, total hip or knee replacement surgery. In this "episodes of care" incentive payment system, a provider may qualify for incentive bonus payments by accomplishing two things: first, the provider must establish that certain quality standards have been met with respect to Covered Persons treated by the provider within the applicable review period and, secondly, the provider must keep average costs for the particular "episode of care" in question within pre-established ranges. At the same time, if the provider's average costs for Covered Persons treated in a particular "episode of care" exceed an "acceptable" range that is pre-established in the agreement with the Company, the provider will not earn bonus payments and may also be required to refund a portion of the claims payments the provider previously received from the Company. Please keep in mind that the Company currently applies this form of provider payment to only a small number of health care treatments or "episodes" but may expand the list to cover additional "episodes of care" over time. Please note as well that a provider's referral of Covered Persons to other providers, including specialists, could affect the provider's qualification for bonus payments, or the provider's obligation to refund some payments made by the Company. For example, if a provider makes referrals to other providers whose costs of care are substantially higher, or who do not meet applicable quality standards, the referring provider could lose bonus payments, or could incur refund obligations to the Company under the "episodes of care" payment system.
        - c. Total Cost of Care or Medical Trends: In some instances, the Company may offer financial incentives to providers (including physicians) that are tied to the total cost of care for a pre-defined set of Covered Persons within a pre-defined period of time, offering to pay such providers a bonus payment if, during the defined period, total costs of care for such Covered Persons remains at or below a pre-defined target level. Sometimes this form of payment is based on calculations of the "medical trend" during a defined period, which means whether the cost of care for Covered Persons served by the provider during the applicable period increased or decreased by a specific percentage.
        - d. Pharmacy/Drug Incentives: The Company may also offer physicians financial incentives to encourage them to provide education to Covered Persons on the costs of Prescription Medications, and, where appropriate in the physician's independent medical judgment, to write prescriptions for Prescription Medications listed as "Second Tier" on the Company's Formulary, or to write prescriptions for Generic Medications listed as "First Tier" on the Company's Formulary.
3. Incentive Arrangements Subject to Change. The incentive arrangements described here concern the provider contracts that are either in place and regularly used by the Company at the time this Benefit Certificate was issued, or are being contemplated for use in the future. Because of the rapid pace of change in health care financing in today's marketplace, physician provider negotiating positions, regulatory changes, or other developments, the precise content of the Company's provider reimbursement and incentive plans may change significantly in the future. See subsection 4, below, for ways in which you can obtain additional or updated information regarding the Company's provider incentive programs.
4. For Further Information. If you have any concerns about how the various incentive programs offered to the Company's-participating providers may affect your access to health care services, you should discuss such concerns with your physician or other treating health care professional. You may ask your Physician's health care provider's administrative staff about

compensation methods, including incentives, which apply to the services provided by their Physician, your health care provider. In addition, you may or request information from the Company by writing to submit written questions to Arkansas Blue Cross and Blue Shield, Customer Service Division, Post Office Box 2181 Little Rock, Arkansas 72203.

## 9.0 GLOSSARY OF TERMS

These are terms used in this Policy.

- 9.1 **Accidental Injury** is defined as bodily injury (other than intentionally self-inflicted injury) sustained by a Covered Person while the insurance is in force, and which is the direct cause of the loss, independent of disease or bodily infirmity. Injury to a tooth or teeth while eating is not considered an Accidental Injury.
- 9.2 **Allowable Charge**, when used in connection with covered services or supplies delivered in Arkansas, will be the amount deemed by the Company, in its sole discretion, to be reasonable. The Arkansas Blue Cross and Blue Shield customary allowance is the basic Allowable Charge. However, Allowable Charge may vary, given the facts of the case and the opinion of the Company's medical director. At the option of the Company, Allowable Charges for services or supplies received out of Arkansas may be determined by the local Blue Cross and Blue Shield Plan, See Subsection 7.1.10 dealing with Out of Arkansas Claims. See Subsection 3.22.5 with respect to Allowable Charge for transplants. See Subsection 3.2.2 with respect to Allowable Charge for Outpatient Surgery Centers. **Please note that all benefits under this Policy are subject to and shall be paid only by reference to the Allowable Charge as determined at the discretion of Arkansas Blue Cross and Blue Shield. This means that regardless of how much your health care Provider may bill for a given service, the benefits under this Policy will be limited by the Allowable Charge we establish. If you use an Arkansas Blue Cross and Blue Shield-participating Provider, that Provider is obligated to accept our established rate as payment in full, and should only bill you for your Deductible, Coinsurance and any non-covered services; however, if you use a non-participating Provider, you will be responsible for all amounts billed in excess of the Arkansas Blue Cross and Blue Shield Allowable Charge.**

The payment to a Provider for their services as described in a Current Procedural Terminology ("CPT") or Healthcare Common Procedure Coding System ("HCPCS") code and reimbursed in accordance with the Resource-Based Relative Value System ("RBRVS") used by the Centers for Medicare & Medicaid Services ("CMS") is an all-inclusive, global payment that covers all elements of the service as described in the particular code billed. This means that whatever staffing, overhead costs, equipment, drugs, machinery, tools, technology, supplies, or materials of any kind that may be required in order for the billing Provider to perform the service or treatment described in the CPT or HCPCS code billed, the Company's payment to the billing Provider of the Allowable Charge for that CPT or HCPCS code constitutes the entire payment and the limit of benefits under this Policy with respect to the CPT or HCPCS code billed. A Provider who bills for a particular CPT or HCPCS code is deemed to represent that the billing Provider has performed and is responsible for provision of all services or treatments described in the CPT or HCPCS code, and is entitled to bill for such services or treatments. If the Company pays for a Covered Service by applying the Allowable Charge to the bill of a Provider who represents that the Provider has performed a service or treatment described in a CPT or HCPCS code as submitted to the Company, the Company shall have no further obligation, nor is there coverage under this Policy, for bills from or payment to any other provider, entity or person, regardless of whether they assisted the billing Provider or furnished any staffing, equipment, drugs, machinery, tools, technology, supplies or materials of any kind to or for the benefit of the billing Provider. In other words, benefits under this Policy are limited to one, global payment for all components of any services falling within the scope of any CPT or HCPCS code service or treatment description, and the Company will make only one payment with respect to such CPT or HCPCS code, even if multiple parties claim to have contributed a portion of the staffing, equipment, machinery, tools, technology, supplies or materials used by the billing Provider in the course of providing the service or treatment described in the CPT or HCPCS code.

For example, a physician who performs certain surgical procedures in the physician's office might choose to engage an equipment and supply company to set up the surgical table, furnish an assisting nurse, and also furnish certain surgical instruments, devices or supplies used by the physician. When the physician bills the Company for the physician's performance of the surgical procedure described

in a specific CPT or HCPCS code, the Company will make a single, global payment to the physician for Covered Services described in the CPT or HCPCS code, and will not be obligated to pay for any charges of the equipment and supply company. In such circumstances, any charge or claim of payment due the equipment and supply company shall be the exclusive responsibility of the physician (or other provider) who engaged the equipment and supply company, and permitted or facilitated such company's access to the physician's patient. In any event, as noted above, no benefits are available under this Policy for any services, drugs, materials or supplies of the equipment and supply company. It is the Company's policy (and this Policy is specifically intended to adopt the same) that no benefits shall be paid for "unbundled services" in excess of the Company's Allowable Charge for any service as described in the applicable CPT or HCPCS code. This means, for example, that if a physician and another category of provider (such as a durable medical equipment supplier, a laboratory, a nurse practitioner, a nurse, a physician's assistant or any other category of provider) agree together to divide up, split or "unbundle" the components of any CPT or HCPCS code, and attempt to bill separately for the various components each allegedly provides for the patient, benefits under this Policy shall nevertheless be limited to one Allowance per CPT or HCPCS code; in such circumstances, your benefits under this Policy will pay only one Allowable Charge for any Covered Service described in any single CPT or HCPCS code, and the various providers involved in any such "unbundling" action or agreement must resolve among themselves any division of that single Allowable Charge between or among them. You can protect yourself from the possibility of billing in excess of the Allowable Charge in these circumstances by always inquiring in advance to be sure that each provider involved in your care or treatment is a Preferred Provider.

Please note that the Company makes the following exceptions to the preceding general policy of one global payment (Allowance) per CPT or HCPCS code: (i) where CMS has developed and published an RBRVS policy that specifically recognizes that the Relative Value Units (RVUs) associated with a specific CPT or HCPCS code should be divided into both a professional and a technical component; or (ii) billing of the services of an assistant surgeon for those CPT or HCPCS codes that specifically recognize assistant surgery services as applicable; or (iii) billing of radiopharmaceuticals used in nuclear medicine procedures where such radiopharmaceuticals clearly are not included in the practice expense portion of the associated RVU as published and defined by CMS; or (iv) billing of a procedure or set of procedures that, per the applicable CPT or HCPCS code definition, is based solely on time consumed so that it is necessary to submit multiple units of the procedure in order to accurately report the total time devoted to the patient. In the specific four circumstances outlined in the preceding sentence, the Company will recognize and pay more than one Allowance per CPT or HCPCS code, provided all other terms and conditions of this Policy are met. With respect to the first such circumstance involving RVUs divided between a professional and a technical component, the Company's payment will be limited to one global payment (Allowance) for the applicable professional component, and one global payment (Allowance) for the technical component. In other words, even where CMS policy specifically recognizes division of an RVU into professional and technical components, the Company will not be responsible for paying multiple providers or multiple billings for the professional component, nor will the Company be responsible for paying multiple providers or multiple billings for the technical component. Benefits under this Policy will be limited in such circumstances to one global payment (Allowance) for the professional component and one global payment (Allowance) for the technical component.

Unless ordered by the Board of Directors, the time and place of each special meeting of Members shall be determined by the Chief Executive Officer.

10.4 **Notice of Meetings.** So long as each insurance Policy issued by the Company sets forth the place, date and hour of the annual meeting of Members, no notice of any annual meeting shall be required to be given to any Member, regardless of the number or nature of proposals to be considered and voted upon at the annual meeting. If notice of the annual meeting is not set forth in each insurance Policy, written or printed notice of the annual meeting and every special meeting of the Members, stating the place, date, time and the purpose or purposes of such meeting shall be given to the Members entitled to vote at such meeting not less than ten (10), nor more than sixty (60), days before the date of the meeting. All such notices shall be given, either personally or by mail, by or at the direction of the Chief Executive Officer or Secretary unless ordered by the Board of Directors. Notices which shall be mailed shall be deemed to be "given" when deposited in the United States Mail addressed to the Member at the Member's address as it appears on the records of the Company, with postage prepaid first class mail, if the notice is mailed thirty (30) days or less before the date of the meeting, and any notice transmitted other than by mail shall be deemed to have been "given" when delivered to the Member.

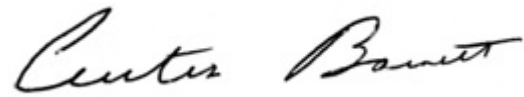

10.5 **Quorum.** Except as otherwise provided by applicable law, a majority of the Members of the Company (present in person or by proxy) shall be necessary to constitute a quorum for the transaction of business at any annual or special meeting of the Members of the Company.

10.6 **Voting Rights.** Each Member shall be entitled to one vote for each Policy held by him upon each matter coming to a vote at meetings of Members. Such vote may be exercised in person or by written proxy.

10.7 **Vote Required.** A majority of the voting power represented at any meeting of Members shall be necessary and sufficient to approve any given matter. There shall be no cumulative voting.

10.8 **Proxy.** By accepting this Policy the Policyholder appoints the Board of Directors ("Board") of the Company to act on the Policyholder's behalf at all meetings of Members of the Company. This appointment shall include such persons as the Board may designate by resolution to act on its behalf. This Proxy gives the Board, or its designee, full power to vote for the Policyholder on all matters that may be voted upon at any meeting. This proxy, unless revoked, shall remain in effect during the term of this Policy. The Policyholder may revoke this proxy in writing by advising the Company of such

revocation at least five (5) days prior to any meeting. The Policyholder may also revoke its proxy by attending and voting in person at any Members' meeting.

**LIMITATIONS AND EXCLUSIONS UNDER  
THE ARKANSAS LIFE AND HEALTH INSURANCE  
GUARANTY ASSOCIATION ACT**

Residents of this state who purchase life insurance, annuities or health insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association"). The purpose of the Guaranty Association is to assure that policy and contract owners will be protected, within certain limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the Guaranty Association will assess its other member insurance companies for the money to pay the claims of policy and contract owners who live in this state and, in some cases, to keep coverage in force. Please note that the valuable extra protection provided by the member insurers through the Guaranty Association is limited. This protection is not a substitute for a consumers' careful consideration in selecting insurance companies that are well managed and financially stable.

**DISCLAIMER**

The Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association") provides coverage of claims under some types of policies or contracts if the insurer or health maintenance organization becomes impaired or insolvent. **COVERAGE MAY NOT BE AVAILABLE FOR YOUR POLICY.** Even if coverage is provided, there are significant limits and exclusions. Coverage is always conditioned on residence in the State of Arkansas. Other conditions may also preclude coverage.

The Guaranty Association will respond to any questions you may have which are not answered by this document. Your insurer or health maintenance organization and agent are prohibited by law from using the existence of the association or its coverage to sell you an insurance policy or health maintenance organization coverage.

You should not rely on availability of coverage under the Guaranty Association when selecting an insurer or health maintenance organization.

The state law that provides for this safety-net is called the Arkansas Life and Health Insurance Guaranty Association Act ("Act"), which is codified at Ark. Code Ann. §§ 23-96-101, et seq. Below is a brief summary of the Act's coverage, exclusions and limits. This summary does not cover all provisions of the Act, nor does it in any way change any person's rights or obligations under the Act or the rights or obligations of the Guaranty Association.

**COVERAGE**

Generally, individuals will be protected by the Guaranty Association if they live in this state and hold a life, annuity or health insurance contract or policy, or if they are insured under a group insurance contract issued by a member insurer. The beneficiaries, payees or assignees of policy or contract owners are protected as well, even if they live in another state.

## **EXCLUSIONS FROM COVERAGE**

However, persons owning such policies are NOT protected by the Guaranty Association if:

- They are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);
- The insurer was not authorized to do business in this state; or
- Their policy or contract was issued by a hospital or medical service organization, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policy or contract owner is subject to future assessments, or by an insurance exchange.

The Guaranty Association also does NOT provide coverage for:

- Any policy or contract or portion thereof which is not guaranteed by the insurer or for which the owner has assumed the risk, such as non-guaranteed amounts held in a separate account under a variable life or variable annuity contract;
- Any policy of reinsurance (unless an assumption certificate was issued);
- Interest rate yields that exceed an average rate;
- Dividends, voting rights and experience rating credits;
- Credits given in connection with the administration of a policy by a group contract holder;
- Employer plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them);
- Unallocated annuity contracts (which give rights to group contract holders, not individuals);
- Unallocated annuity contracts issued to or in connection with benefit plans protected under the Federal Pension Benefit Corporation ("FPBC"), regardless of whether the FPBC is yet liable or not;
- Portions of an unallocated annuity contract not owned by a benefit plan or a government lottery (unless the owner is a resident) or issued to a collective investment trust or similar pooled fund offered by a bank or other financial institution;
- Portions of a policy or contract to the extent assessments required by law for the Guaranty Association are preempted by state or federal law;
- Obligations that do not arise under the policy or contract, including claims based on marketing materials or side letters, riders, or other documents which do not meet filing requirements, or claims for policy misrepresentations, and extra-contractual or penalty claims; or
- Contractual agreements establishing the member insurer's obligations to provide book value accounting guarantees for defined contribution benefit plan participants by reference to a portfolio of assets owned by a nonaffiliated benefit plan or its trustee(s).

## **LIMITS ON AMOUNT OF COVERAGE**

The Act also limits the amount the Guaranty Association is obligated to cover: The Guaranty Association cannot pay more than what the insurance company would owe under a policy or contract. Also, for any one insured life, the Guaranty Association will pay a maximum of \$300,000 in life insurance death benefits without regard to the number of policies and contracts there were with the same company, even if they provided different types of coverages. The Guaranty Association will pay a maximum of \$500,000 in health benefits, provided that coverage for disability insurance benefits and long-term care insurance benefits shall not exceed \$300,000. The Guaranty Association will pay \$300,000 in present value of annuity benefits, including net cash surrender and net cash withdrawal values. There is a \$1,000,000 limit with respect to any contract holder for unallocated annuity benefits. These are limitations under which the Guaranty Association is obligated to operate prior to considering either its subrogation and assignment rights or the extent to which those benefits could be provided from assets of the impaired or insolvent insurer.
