Your member ID card is your ticket to healthcare

You will receive your member ID card after enrollment. You'll want to carry it with you when seeking care so your healthcare provider can see what type of insurance coverage you have.

You'll need your member ID card anytime you visit a:

Coverage start date

The coverage start date is the day you can begin using your insurance to see doctors and get prescriptions filled. Your plan will not cover any medical or pharmacy costs until the coverage start date. You can find your coverage start date by logging into your Blueprint Portal account and looking at the top right of the page.

(For more information about signing up for a Blueprint Portal account, see page 5.)

Access to the largest network in the state

Doctors and hospitals on our healthcare provider list – or in-network providers – have a special arrangement with Health Advantage. Whether you know exactly which doctor you want to see, or need a little help choosing one, you can search our network for quality care. **You pay less when you use in-network providers.**

Need to find a doctor or hospital outside of arkansas?

If you have a suitcase on your member ID card (see page 6 for example), you can find care outside of Arkansas:

- Visit provider.bcbs.com
- Choose your network based on the suitcase on your member ID card
 - BLUECARD PPO/EPO 
 - BLUECARD PPO BASIC 
 - BLUECARD TRADITIONAL 

OR

- Call 800-810-BLUE (2583)

Find Care

- Visit healthadvantage-hmo.com/findcare
- Enter your member ID number OR select your network to start search.
- Follow the search instructions to find your care. Search by doctor, hospital, procedure or condition.

Find a pharmacy and check Rx costs

The Pharmacy Center on Blueprint Portal, blueprintportal.com, allows you to:

- Find a pharmacy
- Find the lowest price for your prescriptions
- Review your drug list
- Email a pharmacist

Choose your primary care provider

Finding the right family doctor is an important part of your health journey. A family doctor (also called a primary care provider, or PCP) knows you and your medical history. And, because you know your PCP, you'll be more likely to schedule regular appointments and ask questions about your health. Your PCP should be who you see when you're not feeling well, but also who you see for regular visits like your annual wellness exam.

Why do you need a family doctor?

A primary care provider will:

- Learn your health and lifestyle history
- Help you get medical screenings to detect illnesses early
- Prescribe medications
- Refer you to specialists when needed

You can choose a PCP through your Blueprint Portal account, blueprintportal.com.

Do you need help choosing a doctor or making an appointment?

No problem! You can call us at 800-800-4298 between 8 a.m. and 5 p.m. CST, Monday through Friday, to speak with a caring professional who can help you find quality medical care near you.

When to make an appointment

When you're healthy

Seeing doctors when you're healthy allows them to get to know you and watch for any health issues before they have a chance to become more serious. Once you've found a PCP, you can schedule your FREE annual wellness exam right away.

When you're sick

If you're sick and need medical care, call your PCP right away to schedule an appointment. Catching any problems early on can help you make a full recovery faster. Your doctor knows your health history and how best to treat you; plus, it's less expensive than going to the emergency room.

When to visit the emergency room

- Suspected heart attack
- Stroke
- Poisoning
- Serious burns
- Severe shortness of breath
- Choking
- Broken bones
- Anything that could cause long-term damage

Important: Covered services for life-threatening emergencies will be paid whether it's in network or not, but routine or non-emergency services provided in the ER will not be covered.

Virtual health

Now you can get care anytime, anywhere. Virtual health lets you connect 24/7 with a doctor on your smartphone or computer for healthcare such as:

A bad cold

Stomach trouble

A child with a high fever

Virtual health has you covered with board-certified physicians (including pediatricians). Register today at myvirtualhealth.com, so when you need care, it's there.

Understanding health insurance costs

Health insurance costs can be confusing. Here's a breakdown:

Each month, you pay a **premium**. Like a monthly car insurance bill, it is the same amount each month and you must pay it to keep your health insurance plan.

Deductible is the amount you pay for healthcare services before your health insurance begins to pay.

+

Copays are what you pay at the doctor or pharmacy. They do not count against your deductible.

+

Coinsurance is your share of costs, usually after you've met your deductible. For example, if your plan pays 80% for a service, you would pay 20% in coinsurance.

=

Out-of-pocket max is the most you'll spend for medical care during the year. This does not include your premium, just out-of-pocket costs.
