

# Medicare Advantage Prior Authorization Request Form

**Instructions:** Please fill out all applicable sections on both pages completely and legibly before faxing or mailing the form to the number or address listed below. Attach any additional documentation that is important for the review, e.g. chart notes or lab data, to support the prior authorization or step-therapy exception request. Information contained in this form is Protected Health Information under HIPAA.

**Please Note:** Preservice organization determination requests aren't needed for services that don't require prior authorization. However, we recommend them for procedures or services that may be considered cosmetic, investigational or not a covered benefit. This makes sure services meet medical criteria/guidelines and take the place of any authorization requirements. Failure to obtain any necessary authorizations may result in a denial or reduction in benefits.

## 1. Prior authorization priority
